

# Student Health/Personal Property Insurance Options

As stated in the *Catalog* and *The Pilot*, Erskine expects students to maintain independent, valid medical insurance coverage while enrolled, usually secured under their parents' medical insurance policy. We realize that sometimes this is not the case, and we would like to provide you with contact information in case you need to obtain such coverage(s). Rates for individual health plans vary depending on the coverage chosen, and costs start at approximately \$145.00 per month.

Also, Erskine is **not** responsible for any personal property of the students, nor does it carry insurance for that purpose. Typically, this is covered under the parents' homeowner's policy.

To obtain additional details about individual medical insurance or personal property insurance, you may want contact Corporate Benefits, Inc. They will be able to assist you with any needs that you have.
