From the Desk of the Erskine College President Dr. Paul Kooistra

We welcome the Class of 2018, along with all our returning students. I consider it a great honor to welcome you as the new and 16th President of Erskine College and Seminary.

As you know, Erskine is a Christian liberal arts college and seminary with a long and wonderful history. God has blessed our school and used our service in the lives of our students and the communities around us for 175 years, and this year you will celebrate this anniversary with us! It will be a time to look back and consider the blessings we have received from God, and to rejoice with thanksgiving for them.

Even more importantly, this anniversary will be a time to re-dedicate ourselves and the school for the purpose of seeing Christ glorified in every area of life—in every area of truth and knowledge.

The integration of faith with knowledge only magnifies the truth, and encourages the pursuit of excellence. Our goal is that when you graduate from Erskine you will know Christ more fully, and be well-equipped with the knowledge of your chosen field to make a real difference for Him in the world, wherever He might lead you.

My hope is that every part of Erskine’s existence will be Christ-centered, whether we concentrate on math, psychology, Bible, athletics, or participate in extra-curricular activities, our commitment to Christ will make a difference in our pursuit of the truth.

And, we want to provide all of this in an environment where you as a student develop friendships that endure for a lifetime.

As your new president, I welcome you to Erskine and an exciting new academic year!

Paul D. Kooistra
Welcome to the 2014-15 school year! I hope your summer was fun and allowed you a break from school to reenergize. As the school year is coming closer, I am getting more and more excited to see everyone and get back to the Erskine family. To all the incoming freshmen, I, along with everyone else here, am excited to meet you and we are looking forward to welcoming you to our family. I encourage you, from the start, to get involved in campus life and to try something new to allow yourself to start connecting with people and to start enjoying all that Erskine has to offer.

Erskine is celebrating its 175th anniversary this year and it is an honor to serve as the SGA president during this time. I hope that you will reach out to me and the entire SGA with any concerns you have or with any needs you may have. (And if you simply just want to say hello, it is always nice to meet the new students!) Our school, like any other school, has gone through many highs and lows. However we are in a unique position to continue the high we are on and to expand our school’s spirit and pride. Erskine will become your new home for the next four years and it is our job as its students to make sure we do everything in our power to see it flourish.

The SGA and all the student organizations are working hard to welcome you and to bring you into our family. Welcome, and I can’t wait to meet all the new faces in August!

Peter Savarese
SGA President 2014-15

The Serenity Prayer

God grant me the serenity
to accept the things I cannot change;
courage to change the things I can;
and wisdom to know the difference.
From the Desk of the Student Christian Association President Chelsea Ball

“Be joyful in hope, patient in affliction, faithful in prayer.”
Romans 12:12

Erskine Students,

Welcome to the 2014-2015 school year! The Student Christian Association (SCA) is excited for the opportunities this school year offers and hopefully you are too. SCA exists to “strengthen campus ministry at Erskine College by uniting ministry efforts in order to encourage the spiritual growth of all students.” And this is exactly what we are excited to be a part of.

We are prayerfully seeking God’s desires for our campus and looking for ways SCA can encourage the spiritual growth of Erskine. This year we are looking forward to continuing the Discipleship Movement--a movement of upperclassmen committing to grow in a Christ-centered relationship with freshmen. This is an opportunity for upperclassmen to act upon our commission as Christians and to make disciples. However, it is also a chance for freshmen to be mentored and seek wisdom from an upperclassman. With a continuing focus on unity this year, SCA is excited to take part in campus wide prayer opportunities. Each month, we are inviting all of Erskine campus to join together in prayer for our school. As we engage in prayer as a campus, we are eager to grow in our faith together. Keep an eye out for these opportunities. There will also be a prayer box outside of the Student Christian Association office on the second floor of Watkins. This is an opportunity to be faithfully prayed for by the cabinet of SCA. Feel free to leave your requests. Each organization on campus seeks to improve the student body in their own way. SCA strives to accomplish this by genuinely seeking the requests and needs of students and are ready to faithfully intercede in prayer for each request. We will be hosting a Joint Worship event during the school year, as well. Each campus ministry music team will come together and we’ll worship united as a campus. With this school year comes exciting opportunities to serve a great God, as we strive towards unity under Christ. I pray that you’ll be involved with what God is doing at Erskine College.

This year SCA is going to be faithful in prayer, as stated in Romans 12:12. We’re going to strive to have patience in our afflictions and to be joyful in the hope of Christ. We have such a wonderful hope in the name of our savior, Jesus Christ. However, taking his yoke upon us does not come without affliction. There are destined to be trials in the coming year, but have patience. Rest in the love of God and seek Him. Let SCA know how to be faithfully praying for you.

You, as a student at Erskine College, are a part of the Student Christian Association. I encourage you to come to meetings and voice your desires. Get involved in the campus ministries--Baptist Collegiate Ministries (BCM), Fellowship of Christian Athletes (FCA), or Reformed University Fellowship (RUF)--and commit to growing in your faith during your time at Erskine. Your four years at Erskine are going to pass quickly. Strive in your academics, train hard in athletics, commit to your interests, and seek God. It’s exciting. And SCA is excited for you!

With joy,

Chelsea Ball
SCA President
2013-2015
Erskine family,

As the Chair of Judicial Council, it is my pleasure to welcome you all to Erskine College for the 2014-2015 academic year. As a junior, this will be my second year serving on Judicial Council. I had the pleasure of serving as Judicial Council member this past school year and I am ready to take on the responsibilities of Chair.

It is inevitable that some of you will violate the Erskine Code of Conduct. The responsibility of the student judicial process, of which I am chair, is to help you - regardless of guilt. We do not function as a court. We are not here to judge you. I want to ensure that a mistake becomes a learning experience. Judicial Council is the student-led component of the Student Conduct Process at Erskine College. We are your peers. Feel free to ask myself, the Judicial Vice Chair, or Dean of Students, Dr. Bryan Rush, if you ever have any questions.

Whether you are coming in as a freshman or a returning upper classman I hope this year provides you with a lifetime of memories. I would encourage you to put time into making lasting connections with fellow classmates. Almost everyone would agree it is the people who make this school an awesome place to be. Take advantage of it and have a great year!

Sincerely,

Ana Unda
Judicial Chair 2014-2015

Welcome back to another awesome year! I hope the summer has treated you all well and has prepared you for another eventful year here in the Erskine community. For those that might not know, Erskine Entertainment Board (EEB) is one of the primary organizations that schedules, organizes, and hosts all the different events on campus. From little campus give-a-ways and a few movie nights to Fall Fest and Spring Fling, we are the ones responsible for making sure you guys are entertained. The Board has some awesome plans and ideas for event for you all this year! We are planning to schedule a few more “drive-in” movie nights and some awesome give-a-ways scattered throughout the year as a way to give you all a small treat every now and again. Then, we are also planning on hosting some more themed parties over the course of the year as well to try and encourage students to spend time with one another in a fun environment. Fall Fest and Spring Fling will be our biggest events, and we hope to make them as great as we possibly can for you guys with some amazing entertainment and a great time overall! Keep in mind that these are only a few ideas and events that are in store and we are hoping to provide students with even more opportunities of entertainment. I definitely want to encourage students to keep an eye and ear out for all the advertising we will be doing for our events so you won’t miss out! We want to be able to provide excellent events for students to attend and reconnect with others to build a better sense of community. Our biggest goal will be to try and bring people together with these events and to promote involvement and engagement in campus life. I guarantee that if you get involved and truly become a part of Erskine’s campus life, your experience at Erskine will be that much more special. Again, I am looking forward to what we have in store this year for EEB and I hope all of you are too!

Erskine College
Honor Code

We, the members of this academic community, Erskine College, stand for the search for truth, the fair and respectful treatment of others, and the recognition of honest originality in academic pursuits.

Since its founding in 1839, Erskine has upheld the code of honor within its motto, *Scientia cum moribus conjuncta*, as the moral cornerstone of the Erskine education, shaping individual character for service to God and others.

By entering the Erskine academic community, a new student or faculty member joins this long tradition, accepts and embraces the College’s mission, its educational processes, and the policies which undergird them. Every individual has the responsibility to maintain the highest standards of personal honor and integrity in academic relationships, understanding that maintaining these standards will benefit the individual as well as the community. The Erskine community flourishes only when every member—students, faculty, staff, administration, and alumni—upholds the precepts embodied in this code, as adopted by the faculty and Student Government Association of Erskine College.

I. Dishonorable Conduct Undermining the Academic Community

A. Lying--knowingly and willingly giving false information, written or oral
B. Cheating--subverting the scholarly rules and expectations set by the professor
C. Stealing--taking something that belongs to someone else
D. Plagiarism--taking someone else's work and presenting it as one's own

II. Principles Supporting the Academic Community

A. The academic community recognizes that the professor establishes the scholarly rules for the class, while recognizing that the details of rules may vary from course to course and discipline to discipline.
B. The academic community recognizes that collaboration occurs in and out of class, but accepts that the professor has the right to establish limits to collaboration.
C. The academic community acknowledges the use of computers and other technology for scholarly work and believes that the rules governing honorable conduct extend to, and should prevail in, the digital world.
D. The academic community affirms that ignorance of the rules of academia is no excuse.

III. Responsibilities of the Students

A. Students are responsible for their own behavior in light of standards set by their professors and to seek clarification when unsure of faculty expectations related to academic integrity.
B. Students report suspected violations to the appropriate faculty members or to the academic dean.
C. Students handle all suspected violations with confidentiality.
D. Reporting students have the right to remain anonymous.

IV. Responsibilities of the Faculty

A. Faculty members clearly communicate standards for behavior in regard to the Honor Code, including expectations related to computers and hand-held devices.
B. Faculty members convey limits to collaboration.
C. Faculty members report all violations of the Honor Code to the academic dean.
D. Faculty members handle all cases with confidentiality.

V. Violations and Procedures for Handling Them

A. Violations are lying, cheating, stealing, and plagiarizing.
B. Reports to the academic dean should be made as soon as possible after a violation occurs.
C. The faculty member may attempt to deal with the matter if the student accepts responsibility or may refer the case to the academic dean. The academic dean can make a decision in the case or refer it to the Judicial Council.
D. When Judicial Council handles a case, it follows the procedures stated in the *Pilot*.
E. Procedures for handling violations allow for the possibility of sanctions which range from failing grades to suspension or expulsion.
F. Procedures for handling violations include the possibility of appeal. If the case is handled by the faculty member, academic dean, or the Judicial Council, appeal is made to the College Committee on Discipline and Appeals. If the case is handled by the College Committee on Discipline and Appeals, appeal is made to the Presidential Appeals Committee.
G. Students are presumed not to have violated the honor code until they admit responsibility or are found to be responsible.
H. The determination of responsibility shall be made on the basis of whether it is more likely than not that the accused student violated the Honor Code.
I. All formal and informal hearings should be conducted with the utmost confidentiality.

VI. Revising the Honor Code

The academic dean or the dean of students may become aware of concerns about the Honor Code from the faculty or the student body. Either administrator may request that an Honor Code Review Committee be appointed. This Committee should consist of three faculty members selected by the chair of the faculty and three students selected by the Student Government Association president. The Committee will appoint a chair from its membership. All revisions must be approved by the faculty and by the Student Government Association.

Erskine College
Student Code of Conduct

ARTICLE I: DEFINITIONS

1. The term College means Erskine College.
2. The term “student” includes all persons taking courses at the College. Persons who withdraw after allegedly violating the Code of Conduct, who are not officially enrolled for a particular term but who have a continuing relationship with the College or who have been notified of their acceptance for admission are considered “students”. This definition is intended to include persons not enrolled for a particular term but who were considered “students” when the conduct at issue occurred and could otherwise return. Such persons would be responsible for complying with the Code of Conduct even between periods of their actual enrollment. Similarly, the Code of Conduct applies to students who have been accepted for admission but who are on campus prior to the beginning of their first semester.
3. The term “faculty member” means any person hired by the College to conduct classroom or teaching activities or who is otherwise considered by the College to be a member of its faculty.
4. The term “College official” includes any person employed by the College, performing assigned administrative or professional responsibilities.
5. The term “member of the College community” includes any person who is a student, faculty member, College official or any other person employed by the College.
6. The term “organization” means any number of persons who have complied with the formal requirements for College recognition.
7. The term “College premises” includes all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the College (including adjacent streets and sidewalks).
8. The term “Conduct Board” means any person or persons authorized by the College to determine whether a student has violated the Code of Conduct and to recommend sanctions that may be imposed when a rules violation has been committed.
9. The term “Student Conduct Administrator” means a College official authorized on a case-by-case basis by the College to impose sanctions upon any student(s) found to have violated the Code of Conduct.
10. The term “Appellate Board” means any person or persons authorized by the College to consider an appeal from a Conduct Board’s determination as to whether a student has violated the Code of Conduct or from the sanctions imposed by the Student Conduct Administrator.
11. The term “peer advisor” means students who can provide knowledge-based confidential advising to students involved in the conduct process.
12. The term “shall” is used in the imperative sense.
13. The term “may” is used in the permissive sense.
14. The Dean of Students is the person designated by the College to be responsible for the administration of the Code of Conduct.
15. The term “policy” means the written regulations of the College as found in, but not limited to, The Pilot, the College web page and computer use policy, and the College Catalogs.
16. The term “Complainant” means any person who submits a charge alleging that a student violated this Code of Conduct. When a student believes that s/he has been a victim of another student’s misconduct, the student who believes s/he has been a victim will have the same rights under this Code of Conduct as are provided to the Complainant, even if another member of the College community submitted the charge itself.
17. The term “Accused Student” means any student accused of violating this Code of Conduct.

ARTICLE II: STUDENT CODE AUTHORITY

1. The Student Government Association shall determine the composition of the Judicial Council. The Vice President and Dean of the College shall determine the composition of the College Committee on Discipline and Appeals and the President shall determine the Presidential Appeals Committee.
2. The College cabinet shall approve policies for the administration of the student conduct system and procedural rules for the conduct of student conduct hearings that are not inconsistent with provisions of the Code of Conduct.
3. Decisions made by a Conduct Board and/or Student Conduct Administrator shall be final, pending the normal appeal process.

ARTICLE III: PROSCRIBED CONDUCT

A. Jurisdiction of the Code of Conduct
The Code of Conduct shall apply to conduct that occurs on College premises, at College sponsored activities, and to off-campus conduct that adversely affects the College Community and/or the pursuit of its objectives. Each student shall be responsible for his/her conduct from the time of application for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment. The Code of Conduct shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending. The Dean of Students shall decide whether the Code of Conduct shall be applied to conduct occurring off campus, on a case by case basis, in his/her sole discretion.

B. Conduct—Rules and Regulations
Any student found to have committed or to have attempted to commit the following misconduct is subject to disciplinary sanctions:

Hazing is defined as any activity that adversely affects a student’s physical, mental, or emotional well-being. b. Forced alcohol or other substance consumption.
c. Activities deemed socially humiliating or viewed as offensive by members of the Erskine community, such as indecent dress, language, or behavior.

9. Violation of any federal, state or local law.
10. Use, possession, manufacturing, or distribution of marijuana, heroin, narcotics, or other controlled substances except as expressly permitted by law.
11. Alcohol-Related Misconduct
   a. Possession and/or consumption of any alcoholic beverages by any Erskine student or guest of any Erskine student anywhere on the Erskine campus or at any function sponsored by any College student organization.
b. Providing or facilitating the use, possession or distribution of alcoholic beverages, including allowing others to possess, consume, or use alcohol in one’s residence hall.
c. Public display of disruptive or disorderly conduct caused by the influence of alcohol in any area of campus is a violation of the Code of Conduct.
d. Presence in a room on the Erskine College campus where an alcohol violation is being committed is considered a violation of the alcohol policy.

13. Failure to abide by residence hall policies.

a. Noise-Students are to be considerate of their neighbors and refrain from making excessive noise or creating disturbances at all times.

b. Whereas the atmosphere in all residential facilities should be conducive to the educational process at all times, students present in the residence hall are to be especially mindful of this atmosphere during study hours each week night from 7-9 P.M.

   - Fireworks: The College strictly forbids the possession or use of fireworks, or any other incendiary agent anywhere on campus.
   - Halogen Lamps: The College strictly prohibits halogen lamps in the residence halls as they create serious fire hazards. The halogen bulb becomes extremely hot and can ignite fabric up to five feet away.
   - Holiday Decorations: The College strictly prohibits live Christmas trees as they dry out and can catch fire easily. When using artificial trees, residents should not allow lighting wires to make contact with any metallic part of the tree. Holiday Lights should not be strung through suspended ceiling tiles or near fire suppression sprinkler heads, and should not come into contact with any wrapping paper, metallic foil, etc. Decorative lights must be turned off and unplugged when no one is in the room.

f. Smoking-No smoking is allowed in any building on the Erskine College campus, including, but not limited to, residence halls. This rule forbids smoking in residence hall hallways and personal rooms as well. Students are permitted to smoke only outside and away from main entrance and exit doors.

g. Visitation-Except during visiting hours, students are not permitted in residence halls housing members of the opposite sex. Students of the opposite sex are permitted to visit rooms (during visitation hours) if the student whose room they are visiting signs them into the residence hall. Visitation may occur 12:00 p.m. to 12:00 a.m. Sunday through Thursday, 12:00 p.m. to 1:00 a.m. on Friday and Saturday. Students are permitted to assist members of the opposite sex in moving belongings in or out of residence halls during non-visitation hours provided a resident director is contacted for permission. Students should announce that a member of the opposite sex is on the hall. All persons of the opposite sex must enter and exit the residence halls through the front door only. If a member of the opposite sex is helping the resident to move belongings, they may enter and exit through the other doors at the discretion of the RD. During fire drills, the front door policy is not in effect. Each student is responsible for the conduct of their guest or guests. The RD or SLA may require a guest to leave at any time.

h. Sports in the Hallway- Because of the increased likelihood that damage will occur to the common area of the building and to students' personal belongings, students are not allowed to play any type of sports within a residence hall (including lobbies, hallways, and rooms). This includes, but is not limited to, the following:
   - Football, baseball (including wiffle ball), soccer, or any other ball sport

17. Theft or other abuse of computer facilities and resources, including but not limited to:
   a. Intentional violation of federal and state copyright laws and license agreements is prohibited. The user is responsible for any and all copyright infringements or other illegal acts performed through the use of College computers or network access. (U.S. copyright law is governed by the Copyright Act of 1976, U.S. Code, Title 17.)
   b. Browsing, exploring, or making other unauthorized attempts to view data, files, or directories belonging to the College or to other users is forbidden. It is also unacceptable behavior to corrupt files, introduce deviant software such as worms or viruses, or interfere with someone else’s legitimate computer use. Possession of software designed to gain unauthorized access will be deemed to constitute an attempt at breaking College computer security.

   f. Attempting to influence the impartiality of a member of a Student Conduct Board prior to, and/or during the course of, the Student Conduct Board proceeding.
   g. Harassment (verbal or physical) and/or intimidation of a member of a Student Conduct Board prior to, during, and/or after a student conduct code proceeding.
   h. Failure to comply with the sanction(s) imposed under the Code of Conduct.
   i. Influencing or attempting to influence another person to commit an abuse of the student conduct code system.
C. Violation of Law and College Discipline
1. College disciplinary proceedings may be instituted against a student charged with conduct that potentially violates both the criminal law and the Code of Conduct (that is, if both possible violations result from the same factual situation) without regard to civil or criminal litigation in court or criminal arrest and prosecution. Proceedings under this Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus at the discretion of Dean of Students. Determinations made or sanctions imposed under this Code of Conduct shall not be subject to change because criminal charges arising out of the same facts giving rise to violation of College rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.
2. When a student is charged by federal, state, or local authorities with a violation of law, the College will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under the Code of Conduct, the College may advise off-campus authorities of the existence of the Student Code and of how such matters are typically handled within the College community. The College will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the College community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

ARTICLE IV: STUDENT CONDUCT PROCESS

A. Process
1. Any member of the College community may file charges against a student for violations of the Code of Conduct. A charge shall be prepared in writing and directed to the Dean of Students. Any charge should be submitted as soon as possible after the event takes place, preferably within twenty-four (24) hours.
2. The Complainant or the Accused Student may consult with a Peer Advisor throughout the Student Conduct Process. The Peer Advisor may, with the consent of the accused student(s) or the complainant(s), discuss with the individual(s) the rights, responsibilities, case, and conduct procedure.
Peer Advisors may:
- Review the steps and phases of the Student Conduct Process
- Provide students with the resources to prepare a case, including regarding their rights and responsibilities, opening statement, witnesses, and questioning
- Accompany a student to and provide private assistance at the Student Conduct Board Hearing

Peer Advisors may not:
- Interact with the Student Conduct Board
- Influence an outcome or mediate a solution
- Share information relating to the case to anyone but the student involved
- Provide personal beliefs on the case or judicial resolution
3. The Student Conduct Administrator may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Student Conduct Administrator. Such disposition shall be final and there shall be no subsequent proceedings. If the charges are not admitted and/or cannot be disposed of by mutual consent, the Student Conduct Administrator may later serve in the same matter as the Student Conduct Board or a member thereof. If the student admits violating institutional rules, but sanctions are not agreed to, subsequent process, including a hearing if necessary, shall be limited to determining the appropriate sanction(s).
4. All charges shall be presented to the Accused Student in written form. The student shall be made aware of the opportunity to consult with a Peer Advisor. A time shall be set for a Student Conduct Hearing, not less than five nor more than fifteen calendar days after the student has been notified. Maximum time limits for scheduling of Student Conduct Board Hearings may be extended at the discretion of the Student Conduct Administrator.
5. Student Conduct Board Hearings shall be conducted by a Conduct Board according to the following guidelines:
a. Student Conduct Board Hearings normally shall be conducted in private.
b. The Complainant and the Accused Student shall be allowed to attend the entire portion of the Student Conduct Board Hearing at which information is received (excluding deliberations). Peer Advisors shall be allowed to attend the Hearing and to privately confer with the advisee, but shall have no interactive role with the Student Conduct Board. Admission of any other person to the Student Conduct Hearing shall be at the discretion of the Student Conduct Board and/or its Student Conduct Administrator.

c. In Student Conduct Board Hearings involving more than one Accused Student, the Student Conduct Administrator, in his or her discretion, may permit the Student Conduct Board Hearings concerning each student to be conducted either separately or jointly.

d. The Accused Student and the Student Conduct Board may arrange for witnesses to present pertinent information to the Student Conduct Board. The College will try to arrange the attendance of possible witnesses who are members of the College community, if reasonably possible, and who are identified by the College and/or Accused Student at least two weekdays prior to the Student Conduct Board Hearing. Witnesses will provide information to and answer questions from the Student Conduct Board. Questions may be suggested by the Accused Student to be answered by each other or by other witnesses. This will be conducted by the Student Conduct Board with such questions directed to the chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the chairperson of the Student Conduct Board.

e. Pertinent records, exhibits, and written statements (including Student Impact Statements) may be accepted as information for consideration by a Student Conduct Board at the discretion of the chairperson.

f. All procedural questions are subject to the final decision of the chairperson of the Student Conduct Board.

h. After the portion of the Student Conduct Board Hearing concludes in which all pertinent information has been received, the Student Conduct Board shall determine (by majority vote if the Student Conduct Board consists of more than one person) whether the Accused Student has violated each section of the Student Code which the student is charged with violating.

i. The Student Conduct Board's determination shall be made on the basis of whether it is more likely than not that the Accused Student violated the Code of Conduct.

j. After a decision has been made, the Student Conduct Board will be made aware of any prior violations of the Code of Conduct and suggested sanctions from the Student Conduct Administrator.

k. Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not used in Code of Conduct proceedings.

5. There shall be a single verbatim record, such as a tape recording, of all Student Conduct Board Hearings before a Student Conduct Board (not including deliberations). Deliberations shall not be recorded. The record shall be the property of the College.

6. If an Accused Student, with notice, does not appear before a Student Conduct Board Hearing, the information in support of the charges shall be presented and considered even if the Accused Student is not present.

7. The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, Accused Student, and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of the Dean of Students to be appropriate.

B. Sanctions

1. The following sanctions may be imposed upon any student found to have violated the Student Code:

   a. Warning—A notice in writing to the student that the student is violating or has violated regulations.

   b. Probation—A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional regulation(s) during the probationary period.

   c. Loss of Privileges—Denial of specified privileges for a designated period of time.

   d. Fines—Established and published fines may be imposed.

   e. Restitution—Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
f. Discretionary Sanctions—Community/College service assignments, essays, or other related discretionary assignments.

g. Suspension—Separation of the student from Erskine for a definite period of time, after which the student is eligible to return. The student will be withdrawn from all classes and a suspension notation will be made on the student’s academic record. Conditions for readmission will be specified. The academic record notation can be removed at the discretion of the Vice President for Student Services if all conditions are met.

h. Expulsion—Permanent separation of the student from Erskine College. A permanent expulsion notation will be made on the student’s academic record.

2. More than one of the sanctions listed above may be imposed for any single violation.

3. Other than College expulsion, disciplinary sanctions shall not be made part of the student’s permanent academic record, but shall become part of the student’s disciplinary record. In situations involving both an Accused Student(s) (or group or organization) and a student(s) claiming to be the victim of another student’s conduct, the records of the process and of the sanctions imposed, if any, shall be considered to be the education records of both the Accused Student(s) and the student(s) claiming to be the victim because the educational career and chances of success in the academic community of each may be impacted.

4. The following sanctions may be imposed upon groups or organizations:
   a. Those sanctions listed above in article IV.
   b. Loss of selected rights and privileges for a specified period of time.
   c. Deactivation. Loss of all privileges, including College recognition, for a specified period of time.

C. Interim Suspension

In certain circumstances, the Vice President for Student Services or the Dean of Students may impose a College or residence hall suspension prior to the Student Conduct Board Hearing before a Student Conduct Board.

1. Interim suspension may be imposed only: a) to ensure the safety and well-being of members of the College community or preservation of College property; b) to ensure the student’s own physical or emotional safety and well-being; or c) if the student poses an ongoing threat of disruption of, or interference with, the normal operations of the College.

2. During the interim suspension, a student shall be denied access to the residence halls and/or to the campus (including classes) and/or all other College activities or privileges for which the student might otherwise be eligible, as the Vice President for Student Services or the Dean of Students may determine to be appropriate.

3. The interim suspension does not replace the regular process, which shall proceed on the normal schedule, up to and through a Student Conduct Board Hearing, if required.

D. Appeals

Cases Originating from Judicial Council or the Dean of Students

The student or organization may appeal the decision from a Conduct Board hearing. Appeal information will be included with the written decision issued to a student. Appeal forms are available in the Office of Student Services. All appeals must be in writing and submitted to the Office of Student Services within three (3) College business days of receipt of the decision. The purpose of appeal procedures is to provide the student with the opportunity to bring forward questions regarding substantive or procedural errors that occurred during the process. The appeal process is not intended to grant a new hearing at a higher level. Dissatisfaction with a decision is not grounds for an appeal.

All levels of appeal described in these procedures involve written appeals only. Students neither meet with nor make oral presentations to the appellant officer. There may be times, however, when the appellant body requests a meeting in order to gather further information relative to the matters associated with the appeal.

Appeals must be based on substantive or procedural errors that are allegedly or believed to be prejudicial and were committed during the process or if new evidence not presented at the hearing is discovered. These errors should be addressed in the written appeal and are described as follows:
1. Procedural errors - when the published procedures of the judicial process were not followed and the error(s) egregiously violated the student’s rights.

2. Substantive errors - when the evidence presented at the hearing was not sufficient to justify the decision reached or if the sanction(s) imposed is (are) unreasonably harsh based upon the circumstances of the case and the prior record of the student.

3. New evidence - when information, existing at the time of the hearing, was not available or known to exist at the time of the hearing.

When an appeal is received in the Office of Student Services, it will be forwarded to the Chair of the College Discipline and Appeals Committee (CDA) for review. In addition to the written appeal, the Dean of Students or the Judicial Council Chair will provide all documents and evidence presented at the hearing or pertinent to the case.

The Chair of the CDA shall determine the method of reviewing these materials and the body will make one of the following determinations:

1. Find no error and uphold the original decision.
2. Find that errors did occur and reverse the decision.
3. Uphold the original finding, but modify the sanction(s).
4. Find that errors did occur and send the case back to the Office of Student Services for a new hearing.

The Chair of the CDA will notify the student, in writing, of the committee’s decision. The case materials, including a copy of the decision, will be returned to the Office of Student Services. The decision of the CDA is considered final and, if applicable, all imposed sanctions take effect.

Further Review for Cases Resulting in Suspension or Expulsion

Students may apply for further review by the President of the College only if one of the following sanction(s) was issued by the original hearing body AND upheld by the College Discipline and Appeals Committee (CDA):

1. Suspension from the College
2. Expulsion from the College

If these conditions exist, the student may submit a written request for further review and submit it to the Office of the President within three (3) business days of receiving the decision of the CDA.

Any request for Presidential review must be based on procedural or substantive error(s) made by either the original hearing body or the CDA and must involve the sanctions listed above. A review by the President is not considered a matter of right, but is within the sound discretion of the President. If the application for review is granted, the case will be sent to the Presidential Appeals Committee (PAC) to make a recommendation. Following review of the committee’s recommendation, the President will issue a decision. This is the final appellate proceeding and, if applicable, all imposed sanctions take effect after the President issues a decision.

Cases Originating from the College Discipline and Appeals Committee

If a case originates from the College Discipline and Appeals Committee the appeal will be heard by the Presidential Appeals Committee. The grounds for appeal, the appeals process, and the possible determinations remain the same. The decision of the PAC is considered final and all imposed sanctions will take effect.

ARTICLE V: INTERPRETATION AND REVISION

A. Any question of interpretation or application of the Conduct Code shall be referred to the Dean of Students or his designee for final determination.

B. The Conduct Code shall be reviewed every year under the direction of the Dean of Students.
In addition to SGA regulations, the SGA also recognizes the following College regulations which are adopted for College rules, problems and complaints will be brought to the Dean of Students, who will determine sanctions, or refer the case to the appropriate judicial body.

In keeping with its purpose, Erskine College expects its students to act responsibly in all matters pertaining to the College. A responsible person embraces that which is affirming and rejects that which is destructive. A responsible person does not engage in behavior which is destructive to self or others. Erskine College wants its students to understand the need to make responsible choices and to recognize that responsibility extends from self, to family, to community, to God. Therefore, the College must reserve the right to request at any time the withdrawal of a student who cannot make the required grade, whose financial accounts have not been satisfactorily arranged, whose conduct is detrimental to his/ her health or whose conduct is not satisfactory to its officials. Disciplinary measures up to and including suspension may be taken by the appropriate College committee because of unsatisfactory conduct in the absence of any specific charge. If a student observes a rule violation by a fellow student, that student is under a duty to report that violation to the appropriate authority.

**Academic Regulations**

Academic regulations are set by the faculty of the College and the Vice President and Dean of the College. They may be found in the current *Catalog* in the sections entitled “Admissions” and “Academics.” A description of major requirements for each department is also found in the College *Catalog* under the section entitled “Course of Study Outlines.” Students having questions about these regulations should inquire in the Office of Academic Affairs (Belk 216-19).

**Computer Use Regulations**

1. Intentional violation of federal and state copyright laws and license agreements is prohibited. The user is responsible for any and all copyright infringements or other illegal acts performed through the use of College computers, copiers, or network access. (U.S. copyright law is governed by the Copyright Act of 1976, U.S. Code, Title 17.)

2. Browsing, exploring, or making other unauthorized attempts to view data, files, or directories belonging to the College or to other users is forbidden. It is also unacceptable behavior to corrupt files, introduce deviant software such as worms or viruses, or interfere with someone else’s legitimate computer use. Possession of software designed to gain unauthorized access will be deemed to constitute an attempt at breaking College computer security.

3. Commercial solicitation, selling, or advertising for purposes not related to College sponsored organizations or activity is not allowed via electronic mail or College-provided Internet access.

4. Each electronic mail account is to be used only by the individual to whom it was assigned.

5. Electronic mail cannot contain obscene or threatening language. Receipt of electronic mail from any source which violates this regulation should be reported to Director of Campus Safety and/or the Director of Information Technology.

6. Use of the Internet or the campus network to access pornographic or obscene material is forbidden.

**Financial Aid Regulations**

Students must be enrolled full-time, 12 hours or more, to receive institutional funds, federal funds, and all state funds (Pell Grant is an exception—call Financial Aid Office if you have questions).

Students may not receive financial aid funds in excess of tuition, fees, room and board, regardless of the source(s) of financial assistance. Erskine College reserves the right to withdraw any type of financial aid award from students who have reached the cost of attendance of the College. Students are responsible for the purchase of books and supplies and should allow between $1,000 and $1,500 a year for books and supplies, depending on major or course of study.

All students are initially awarded as boarding students unless notification has been received from the parent and/or the student that they will commute. If a student changes status from a boarding student to a commuting student, his/her financial aid could be affected. The financial aid would be adjusted (reduced) to reflect the difference between a boarding budget and a commuting budget. If you have questions, please contact the Financial Aid Office.

When a student receives a financial aid package, one-half of it is credited on the expenses of the fall term (includes January term) and the other half on the expenses of the spring term. In order to benefit more students, federal, state and outside scholarships will be used first to meet a student’s estimated need.

Erskine College reserves the right to withdraw any type of financial award from students who, at the close of any semester, have not made satisfactory academic progress, or who, for other reasons, do not meet standards of the College. All federal aid recipients are required to meet Erskine’s satisfactory academic progress requirements which are listed under “Academic Probation” and “Automatic Suspension” in the Catalog. Federal funds will not be disbursed to a full-time student who has completed 10 or more semesters of post-secondary education. Students may receive Erskine institutional financial assistance for a total of four years or eight semesters.

All Students must certify that they have *never* been adjudicated delinquent or been convicted or pled guilty or nolo contendere to any felonies and have *not* been convicted or pled guilty or nolo contendere to any second or subsequent alcohol or drug related misdemeanor offenses under the laws of South Carolina or any other state or under the laws of the United States since one year prior to the first day of classes for the fall 2014 semester. If a student’s status changes before the first day of classes for the fall 2014 semester, he/she understands and agrees that he/she must and will immediately report any adjudication, conviction, or plea to the College financial aid office and that he/she will lose eligibility for any 2014-2015 Federal, SC State, and Erskine College scholarships/grant/loans.

All Students must also affirm that they are not presently in default on any Federal or State student loans, nor owe any refunds to any Federal or State financial aid programs.

**Library Regulations**

Any overdue materials lost, stolen, or damaged are considered a financial obligation of the person to whom the materials are checked out. Theft of library property is an Honor Code offense and an inconvenience to other library users. In regard to conduct, consideration of others should be practiced at all times.

**Regulations Regarding Finances**

Regulations concerning finances (Charges, Fees, Payments, and Refunds) may be found in the College Catalog in the section entitled “Finances”. Students who have any questions about these matters should inquire in the Business Office. Special attention should be called to the following:
1. Any student whose check is returned to the Business Office for insufficient funds will be charged a 
$35.00 fine in addition to redeeming the check.

2. A student living in a single room will be charged an additional $800.00 per term.

3. Courses taken during Winter Term are covered by regular tuition. Lab fees are additional. Board will 
be refundable to such students on the basis of prevailing food costs provided a refund application is made 
by the due date. (See Winter Term Catalog)

4. Students residing in residence halls are required to take board in the dining hall. Students with special 
dietary needs should contact the Office of Student Services as well as Aramark Food Services. Aramark 
will make reasonable changes to meals to accommodate specific dietary needs as outlined by a student’s 
health care professional.

5. Students have until the first day of class each semester to change their meal plans. Changes may be 
made in the Business Office located in Belk Hall.

6. The College will not be responsible for any personal property of the students, nor does it carry 
insurance for that purpose.

7. It is the student’s responsibility to make sure his/her tuition and fees are paid on a timely basis. 
Student billing statements are available only online, and payments should be made by August 1 (fall 
semester) and January 15 (spring semester). No paper statements will be mailed. A student who has an 
unpaid balance on his/her account from the previous year will not be allowed to register for the upcoming 
school year. Seniors must meet all of their financial obligations to the college to participate in graduation 
and receive their diplomas.

associated with a person with a disability. Additional information regarding the ADA may be obtained by 
contacting the Human Resources Director.

Title IX and Non-Discrimination Policies
Erskine prohibits discrimination based on our Equal Employment Opportunity Policy. Pursuant to all

Discrimination Policy applies to admission policies, scholarships and loan programs, employment 
practices, athletic programs, and other school-administered programs except where required by specific 
religious tenets held by the institution.

This Policy does not replace Erskine’s Sexual Assault Policy, the Erskine Sexual and other Harassment 
Policy, or any other policies or procedures; however, any complaint that includes an allegation of sexual 
assault, sexual harassment, or any form of discrimination must be received by the Title IX and Non-
Discrimination Coordinator and such complaint shall be handled according to the procedures contained 
herein.

Discrimination which is prohibited by this Policy and as used throughout these procedures includes 
discrimination based on:
Title VII of the Civil Rights Act of 1964, updated 1991; 
Title IX of the Education Act of 1972 and its implementing regulations; 
The Pregnancy Discrimination Act; 
Sections 501 & 505 of the Rehabilitation Act of 1973; 
The Americans with Disabilities Act of 1990 (ADA);

Other federal, state and local laws and regulations.

Who To Report Complaints

Complaints should be reported to the Title IX and Non-Discrimination Coordinator.

How to File a Complaint

Any Erskine student or employee alleging discrimination which is prohibited under this Policy may file a complaint under these procedures.

1. Informal Resolution by the Title IX and Non-Discrimination Coordinator
   The complainant may seek informal resolution of his/her complaint. If the complainant initially chooses to contact an administrative officer in a direct supervisory role (such as a supervisor, coach, department chair, director, division administrator or dean), the administrator must notify the Title IX and Non-Discrimination Coordinator. The administrator, with the assistance of the Title IX and Non-Discrimination Coordinator, shall advise complainant of the options available under these procedures and may attempt to resolve the complaint. If the administrator, with the assistance of the Title IX and Non-Discrimination Coordinator is able to resolve the complaint at this level, no further action will be taken by Erskine. The Title IX and Non-Discrimination Coordinator may conduct a preliminary investigation during such informal resolution process. If no resolution is possible at this level, the Title IX and Non-Discrimination Coordinator will advise the complainant of the right to file a formal complaint and how to file under these procedures. All investigations will be conducted as fairly and expeditiously as possible. Every reasonable effort will be made to maintain the confidentiality of all persons involved.

2. Complaints shall be filed with the Title IX and Non-Discrimination Coordinator and shall be in writing and shall provide the following information: name and address of the complainant(s); nature, date and description of alleged violation; name(s) of persons responsible for the alleged violation; requested relief for corrective action; and any background information that the complainant believes to be relevant.

Time Limit for Filing a Complaint

A complaint must be filed within sixty (60) days of the occurrence of the alleged discrimination.

Notification and Response of Respondent(s)

Upon receipt of a formal complaint, the Title IX and Non-Discrimination Coordinator will give the respondent a copy of the complaint and ask the respondent to reply to the charges within ten (10) calendar days. The response should include any denial, in whole or in part, of the charges. Failure to respond may subject the respondent to disciplinary action. The respondent will be specifically warned not to retaliate against the complainant in any way. Retaliation will subject the respondent to disciplinary action.

Role of the Title IX and Non-Discrimination Coordinator
The Title IX and Non-Discrimination Coordinator shall conduct an investigation of the complaint, and take one of the following steps, within thirty (30) working days after its receipt unless the Title IX and Non-Discrimination Coordinator determines that more time is needed: (1) dismiss the complaint on the grounds that the evidence submitted in support of the complaint and developed in the investigation does not warrant a formal hearing; (2) make a determination that discrimination prohibited under this Policy has occurred and provide remedies including appropriate disciplinary action; or (3) allow the parties to sign a written statement of agreement resolving the complaint. If the Title IX and Non-Discrimination Coordinator determines that more time is needed, the complainant and the respondent shall be notified. It should be understood that without approval in writing by the Title IX and Non-Discrimination Coordinator, any agreement between the parties does not preclude further action by Erskine against either party. It is the primary responsibility of the Title IX and Non-Discrimination Coordinator to insure the effective installation, maintenance, processing, record keeping, and notifications required by the complaint procedures.

Appeals of the Decision of the Title IX and Non-Discrimination Coordinator

Either party has ten (10) working days to appeal to the Complaint Committee a decision by the Title IX and Non-Discrimination Coordinator. If either party appeals, the Title IX and Non-Discrimination Coordinator will forward the file including any facts, evidence and results of the investigation to the Complaint Committee which shall convene to hear the appeal.

Complaint Committee

The Complaint Committee shall be made up of the Chair of the Faculty Grievance Committee, the Chair of the Student Judicial Council and three (3) members of the Erskine (faculty and/or staff) appointed by the President of Erskine. The Complaint Committee shall be responsible for conducting a hearing and making a determination with respect to appeals of a decision of the Title IX and Non-Discrimination Coordinator.

Committee Action

When the Title IX and Non-Discrimination Coordinator receives an appeal of its decision, the Title IX and Non-Discrimination Coordinator shall schedule a hearing before the Complaint Committee and shall conduct a hearing on the complaint within thirty (30) calendar days, unless the Title IX and Non-Discrimination Coordinator determines that more time is needed in order to further investigate the complaint or for other reasons. If the Title IX and Non-Discrimination Coordinator determines that it is necessary to delay the hearing, the complainant and the respondent will be notified.

Hearings of the Complaint Committee

Hearings before the Complaint Committee will be conducted in accordance with the procedures designated in this procedure.

Decision of the Complaint Committee

After the hearing is concluded, the Complaint Committee shall convene to deliberate their findings and arrive at a majority decision as to the alleged policy violations and/or remedies, including disciplinary actions. Within five (5) days after the hearing is concluded, the Complaint Committee shall transmit a written copy of the decision to the Title IX and Non-Discrimination Coordinator who will mail a copy of the decision to the complainant and respondent in the United States mail at the addresses provided by the complainant and the respondent.

Appeal of Decision of the Complaint Committee

Either the complainant or respondent may appeal the decision of the Complaint Committee, by giving written notice to the Title IX and Non-Discrimination Coordinator of intent to appeal the decision within
fifteen (15) days of the decision. If no such notification is received by the Title IX and Non-Discrimination Coordinator within fifteen (15) calendar days, any decision for corrective actions or sanctions by the Complaint Committee shall be final.

Retaliation

No person shall be subjected to retaliation for having utilized or having assisted others in the utilization of the complaint process.

Reconciliation

Nothing in the procedure is intended to prevent the complainant and respondent from resolving the complaint by signing a written statement of agreement and submitting it for approval to the Title IX and Non-Discrimination Coordinator. If the agreement is approved, it will be placed in the file maintained by the Title IX and Non-Discrimination Coordinator.

Hearing Procedure

1. All parties shall be afforded reasonable opportunity for oral opening and closing arguments and for presentation of relevant witnesses and pertinent documentary evidence.
2. The Complaint Committee shall have the right to question any and all witnesses, to examine documentary evidence presented, and to summon other witnesses as the Committee deems necessary.
3. The hearing shall be mechanically recorded. Any party involved may obtain a copy of the recording from the Title IX and Non-Discrimination Coordinator at the expense of the requesting party. Recordings shall be maintained by the Title IX and Non-Discrimination Coordinator for a period of three (3) years from the hearing date.
4. All parties shall have the right to advice of counsel of his/her choice; however, neither party may proceed through counsel.
5. At the conclusion of the hearing, the Committee shall deliberate in closed session. Such deliberations shall not be recorded.

Presidential Appeals Committee

The Presidential Appeals Committee shall review all appeals from decisions of the Complaint Committee within thirty (30) working days from the date of the appeal. If either party has requested an interview or is requested to appear for an interview by the Presidential Appeals Committee, then both parties must be informed. The intent of the Presidential Appeals Committee’s review is neither to hear new evidence nor to substitute the judgment of the Presidential Appeals Committee for that of the Complaint Committee. The intent of this review is to insure that the hearing and decisions were not arbitrary, capricious or discriminatory, did not violate the rights of the parties, and did not violate the concepts of fair play to both parties.

The Presidential Appeals Committee’s review is the final institutional step in matters of discrimination complaints. Nothing precludes the student or employee from filing a complaint with any external agency that handles discrimination complaints.

Remedies/Disciplinary Action

Erskine shall determine appropriate remedies on a case-by-case basis. Such remedies may include termination of employment or expulsion from Erskine, as well as any other appropriate remedy or disciplinary action.
Consensual Relationship Policy

As a Christian, academic community committed to creating an environment where students, faculty, and staff can flourish, it is the position of Erskine that sexual activity belongs exclusively within the covenant of marriage between one man and one woman. **Erskine College prohibits any form of consensual romantic relationship between any employee and any student.**

There are special risks in any amorous relationship between individuals in unequal positions of authority, and parties in such a relationship assume those risks. In the Erskine context, such positions include (but are not limited to) faculty/coach/staff and student or supervisor and employee. Erskine, as a Christian institution, does not support inappropriate consensual relationships between employees, even if no supervisory/subordinate relationship exists. There is the potential for conflict of interest, exploitation, favoritism, and bias. Such relationships may undermine the real or perceived integrity of the supervision and evaluation provided.

The relationship may be less consensual than the individual whose position confers power or authority believes and may be perceived in different ways by each of the individuals involved. Circumstances may change, and conduct that was previously welcome may become unwelcome. Even when both parties have consented at the outset to a romantic involvement, this past consent does not remove grounds for a charge based upon subsequent unwelcome conduct.

Relationships in which one party is in a position to review the work or influence the career, success, or other terms and conditions of employment of the other may provide grounds for complaint by third parties when that relationship gives undue access or advantage, restricts opportunities, or creates a perception of these problems.

**Reporting Responsibility**

If a consensual relationship between a supervisory employee and a subordinate employee exists or begins to develop, the individual in the supervisory position shall immediately notify in writing his or her immediate supervisor or department chair of the relationship and cooperate with that individual in making the arrangements necessary to resolve the conflict of interest.

**Immediate Supervisor Responsibility**

A supervisor or department chair who is notified, or becomes aware, of a consensual relationship shall confirm that the consensual relationship exists by meeting with the parties involved individually and advising them of this policy. The supervisor shall work with all parties to alter the conditions that create the conflict of interest or the appearance of impropriety caused by the relationship. In most instances, providing an alternative means for supervising or evaluating the subordinate employee will alter the conditions that create the conflict of interest or the appearance of impropriety. Approval from the appropriate vice president is required prior to implementation of the plan. The immediate supervisor or department chair must provide the Office of Human Resources with a written copy of the approved, alternative plan.

**Procedure for Failure to Cooperate**

Employees in positions of authority who persist in consensual romantic or sexual relationships and fail to cooperate in efforts to eliminate the conflict of interest or appearance of impropriety are subject to disciplinary action up to and including termination.

**Procedure for Grievance of Disciplinary Actions**

An individual who is disciplined may file a grievance or appeal using existing Erskine procedures detailed in the *Employee Resource Handbook.*
Harassment Policy

General Statement

Erskine believes its students, faculty members, and employees should be able to enjoy an environment free from harassment based on an individual's sex, gender, pregnancy, race, color, religion, national origin, age, disability, veteran or any other legally protected status.

In compliance with federal and state laws, it is the policy of Erskine to prohibit harassment and violence by any person and in any form. Nothing herein shall affect Erskine's right to exercise its theological, constitutional, and statutory right to take religion into account on all employment decisions.

Specifically, no student, faculty member, supervisor, employee, or other individual shall threaten or harass any other individual or insinuate harassment toward another individual through their conduct or through communication of any nature. Erskine will investigate all complaints of harassment, formal or informal, verbal or written, and take appropriate action or discipline against any person who is found to have violated this policy.

This policy shall be considered a part of the Employee Resource Handbook, student regulations, and other similar guidelines that may be published from time-to-time. These guidelines shall apply to all employees and students while they are on Erskine property, attending an Erskine function, traveling in a group to or from an Erskine function or in other appropriate situations.

Sexual and other Illegal Harassment Policy

The enforcement of this policy shall be the responsibility of the Title IX and Non-Discrimination Coordinator.

Erskine is committed to ensuring and maintaining an academic and work environment free of sexual harassment. Any individual who, after appropriate investigation, is found to have engaged in sexual or other illegal harassment, will be subject to disciplinary action, up to and including termination of employment or expulsion (students) from Erskine.

A. Definition of Sexual Harassment

Sexual harassment is any unwelcome sexual advance, request for sexual favors, or other written, verbal, or physical conduct of a sexual nature when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, education, or participation in an Erskine activity;
2. Submission to or rejection of such conduct by an individual is used as the basis for or a factor in decisions affecting that individual's employment, education, or participation in an Erskine activity; or
3. Such conduct has the purpose or effect of unreasonably interfering with an individual's employment or academic performance or creating an intimidating, offensive, or hostile environment for an individual's employment, education, or participation in an Erskine activity.

For the purposes of determining whether a particular act or course of conduct constitutes sexual harassment under this policy, the alleged incident will be evaluated by considering the totality of the particular circumstances, including the nature, frequency, intensity, location, context, and duration of the questioned behavior. Although repeated incidents generally create a stronger claim of sexual harassment, a serious incident, even if isolated, can be sufficient.

B. Definition of Other Illegal Harassment

Harassment may come in many ways, including, but not limited to the following:

1. Verbal or physical conduct that shows hostility toward an individual because of his/her sex, gender, pregnancy, race, color, religion, national origin, age, disability, veteran, or any other legally protected status, or that of the individual's relatives, friends or associates;
2. Creates or is intended to create an intimidating of hostile or offensive working or learning environment;
3. Interferes or is intended to interfere with an individual’s work or educational performance; or
4. Otherwise adversely affects an individual’s employment or educational opportunities.

Erskine recognizes that it may be difficult to define what constitutes other harassment under the law. Inappropriate behavior which may include behavior, but is not limited to, unwanted physical contact, foul language, sexually oriented explicit pictures, cartoons, or other materials such as graffiti that may be offensive to another employee; ethnic jokes or racial slurs; and teasing about religious or cultural observance. Because many of the above may be considered offensive to another individual, these activities should not occur.

C. Retaliation Prohibited
This policy seeks to encourage employees and students to report and address incidents of sexual harassment. Retaliation against any employee or student for complaining of sexual harassment or enforcing this policy violates this policy and is strictly prohibited. Any overt or covert act of reprisal, interference, restraint, penalty, discrimination, coercion, intimidation, or harassment against an individual for exercising rights under this policy will be subject to appropriate and prompt disciplinary action.

D. Financial Liability
A faculty or staff member who is determined to have violated this policy on sexual harassment may be held personally liable for damages and/or costs incurred by Erskine related to such conduct.

E. False Charges
This policy shall not be used to bring knowingly false or malicious charges against any employee or student. Disciplinary action may be taken against any person bringing a charge of sexual harassment in bad faith.

F. Persons Subject to Policy
Employees and students of Erskine are subject to this policy whenever they are acting as representatives of Erskine, whether on or away from the Erskine campus. Likewise, Erskine will not tolerate sexual harassment of its employees or students by persons conducting business with or visiting Erskine, even though such persons are not directly affiliated with Erskine.

G. Consensual Relationships
Erskine College prohibits any form of consensual romantic relationship between any employee and any student.

How to File a Complaint
Any Erskine student or employee alleging harassment, which is prohibited under this policy may file a complaint under these procedures. All complaints of sexual harassment should be made to the Title IX and Non-Discrimination Coordinator.

1. Informal Resolution by the Title IX and Non-Discrimination Coordinator-
The complainant may seek informal resolution of his/her complaint. If the complainant initially chooses to contact an administrative officer in a direct supervisory role (such as a supervisor, coach, department chair, director, division administrator or dean), the administrator must notify the Title IX and Non-Discrimination Coordinator. The administrator, with the assistance of the Title IX and Non-Discrimination Coordinator, shall advise complainant of the options available under these procedures and may attempt to resolve the complaint. If the administrator, with the assistance of the Title IX and Non-Discrimination Coordinator is able to resolve the complaint at this level, no further action will be taken by Erskine. The Title IX and Non-Discrimination Coordinator may conduct a preliminary investigation during such informal resolution process. If no resolution is possible at this level, the Title IX and Non-Discrimination Coordinator will advise the complainant of the right to file a formal complaint and how to file under these procedures. All
investigations will be conducted as fairly and expeditiously as possible. Every reasonable effort will be made to maintain the confidentiality of all persons involved.

2. Complaints shall be filed with the Title IX and Non-Discrimination Coordinator and shall be in writing and shall provide the following information: name and address of the complainant(s); nature, date and description of alleged violation; name(s) of persons responsible for the alleged violation; requested relief for corrective action; and any background information that the complainant believes to be relevant.

If the Title IX and Non-Discrimination Coordinator determines that more time is needed, the complainant and the respondent shall be notified. It should be understood that without approval in writing by the Title IX and Non-Discrimination Coordinator, any agreement between the parties does not preclude further action by Erskine against either party. Erskine shall determine appropriate remedies on a case-by-case basis. Such remedies may include termination of employment or expulsion from Erskine, as well as any other appropriate remedy or disciplinary action.

The contact information for the Title IX and Non-Discrimination Coordinator can be found on page P-35.

Sexual Assault Policy

Erskine is committed to providing an environment for employees and students free of sexual assault. This policy is intended to comply with 20 USCS Section 1092(f)(8) contained in the Jeanne Clery Disclosure of Campus Security Policy and Campus Crimes Statistics Act (the “Jeanne Clery Act”). Anyone can be the victim of sexual assault. Sexual assault is a flagrant violation of the conduct expected at Erskine. When the assailant is an acquaintance, a victim often has mixed feelings concerning the incident and what to do about it. Besides feeling frightened, angry, hurt and ashamed, victims can feel betrayed and even guilty for having “facilitated” the assault. In some cases, they do not even acknowledge that they have been assaulted until long after the incident has occurred. If an employee or student finds herself/himself in an unwanted sexual situation, on a date or anywhere else, they should be assertive and say “NO”. If a person is told “NO” when making sexual advances, he/she must accept it. No means no!

Definition

Sexual assault is any actual or attempted non-consensual sexual activity, including, but not limited to, intercourse, attempted intercourse, or sexual touching by a person known or unknown to the victim. Rape is an act of sexual intercourse with a person against his/her will and consent, whether one’s will is overcome by force or fear resulting from the threat of force, or by drugs administered without consent, or when a person is physically unable to communicate willingness due to unconsciousness, intoxication or otherwise. Having sexual relations with someone who is unable to give consent because they are mentally incapacitated, passed out, or otherwise unconscious, is rape.

Obtaining Assistance

Victims may be unsure of how to deal with the assault and can wonder what courses of action are available and appropriate. An unfortunate result of this insecurity is that many victims elect not to tell anyone about their ordeal and decline to seek the help they need to deal with the terrible hurt they have suffered on a physical and emotional level. All employees and students should be aware of both the consequences of sexual assault and the options available to the victim. Seeking assistance in connection with a sexual assault from the hospital, the police, the institution, or anyone else does not obligate a victim to take further action.
If a sexual assault should occur, the victim should: go to a safe place; contact a friend or family member; get prompt medical attention; call the Office of Erskine College Police Department Emergency number (911), and the Title IX and Non-Discrimination Coordinator, or the Student Dean (for students) to report the incident. (Persons currently holding these positions and their telephone numbers are listed at the end of this document). The victim should tell someone all details about the assault or write down all details as soon as possible and keep the clothes worn during the assault. If clothes are changed, the victim should place clothes in a paper bag (evidence deteriorates in plastic); not shower, bathe, or douche; not urinate, if possible; not eat, drink liquids, smoke or brush teeth if oral contact took place; and not destroy the physical evidence that may be found in the vicinity of the crime. If the crime occurred in the victim’s home (or dormitory room), the victim should not clean or straighten up until the police have had an opportunity to collect evidence.

When a victim tells another person that she/he has been assaulted, the person who was told should encourage the victim to seek medical attention, contact the Title IX and Non-Discrimination Coordinator or the Student Dean (for students), and report the incident to the Office of Erskine College Police Department. Means for contacting these individuals is found at the end of this document. No victim should be allowed to suffer alone. If the victim does not wish to report the assault, anyone can inform the Student Dean (for students) or the Office of Erskine College Police Department. When a third party makes the complaint, it is necessary for that third party to document the “anonymous” report to the Office of Erskine College Police Department within 24 hours. If the third part requests to remain anonymous, the Office of Erskine College Police Department will respect that request to the extent possible by excluding the third party’s name from the report.

For Students

If the victim of a sexual assault feels uncomfortable in his/her living or academic situation, he/she should notify the Title IX and Non-Discrimination Coordinator or the Student Dean. If requested by the victim, Erskine will assist in changing the victim’s academic or living situations if the changes are reasonably available.

Medical Attention

A victim of any sexual assault is encouraged to seek medical assistance. This is the first step in regaining control over one’s life. Even if the victim decides not to report the assault to the appropriate authorities, it is very important to seek medical attention immediately for possible internal injuries or sexually transmitted diseases. To keep all options available, the collection of medical evidence becomes critical in the event the victim chooses, even later, to prosecute. At the emergency room, the doctor may collect samples, hair, semen, and other trace evidence. The hospital may also collect the clothing worn during the assault so it may be helpful for the victim to bring a change of clothes. Normally, the hospital will communicate with a rape crisis center and their representative will come to the emergency room to assist the victim in any way possible. Going to the hospital and having evidence collected does NOT obligate the victim to complete other actions. This simply aids in keeping options open until the victim decides how to proceed. Options include choosing to pursue charges later against the perpetrator criminally through the legal system or through the Erskine’s policies and procedures.

Counseling

Sexual assault is a crime committed against the victim, not by the victim. Victims should not blame themselves. Emotional trauma is severe after a sexual assault. Violation, loss of trust, and loss of control can have serious long-term impact on the victim. It is not unusual for a victim to feel guilty or distrustful or to withdraw from others, particularly in an acquaintance rape. There are, however, trained persons who can provide counseling and support during recovery. Erskine has a Title IX and Non-Discrimination Coordinator whose responsibility is to serve the needs of the victim. The Title IX and Non-Discrimination Coordinator’s contact information is listed at the end of this document. There is also counseling available through the Student Dean (for students). Contact information for the Student Dean is found at the end of
Reporting to the Police
Following an incident, victims are encouraged to make a report to an Erskine College Police Department officer or to the local police. This action does not obligate prosecution, but it does make legal action possible if the decision to prosecute is made at a later date. The earlier an incident is reported, the easier it is to collect valuable evidence. Incidents may also be reported to the Student Dean (for students) and/or the Title IX and Non-Discrimination Coordinator who will assist in obtaining assistance for the victim. Erskine College Police Department officers will aid the victim in completing the report. Off-campus incidents should be reported to the police in whose jurisdiction it occurred as well as to an Erskine official. Erskine is committed to making every effort to see that the victim is offered medical and psychological care as well as informed about prosecuting the suspect through the criminal court’s legal system or Erskine’s policies and procedures while keeping their report of sexual assault in confidence and protecting the victim’s right to anonymity, to the extent feasible taking into consideration the victim’s desires as to reporting.

The Office of Erskine College Police Department believes a victim deserves the right to a professional investigation. Victims are often confused and not sure if they wish to report the incident. Reporting the assault to the police and obtaining medical attention are not synonymous with criminal prosecution. The victim retains the right not to pursue criminal prosecution even if these steps are taken. Even if the victim decides not to pursue charges, reporting the assault is a step in regaining a sense of personal control. Providing information about the assault may help someone else avoid becoming a victim. The Office of Student Services (for students) and/or the Title IX and Non-Discrimination Coordinator (student and employees) will aid victims in arranging for medical care, contacting counseling and other resources that are available. A Erskine College Police Department officer will meet with the victim privately, at an appropriate place, to make a report. All members of the Office of Erskine College Police Department will treat the victim and the case with sensitivity and professionalism and will be available to answer questions and explain the processes involved. The Office of Erskine College Police Department will investigate the case which may result in an arrest and prosecution of a suspect. Finally, the victim will be kept up-to-date on progress of the investigation or prosecution as well as their rights and options.

Campus Judicial Proceedings
If a victim of sexual assault chooses to make a complaint pursuant to Erskine’s policies and procedures, such complaint shall be made to the Title IX and Non-Discrimination Coordinator whose contact information is provided at the end of this document. Such Complaint shall be handled in accordance with the procedures set forth in the Policy and Procedures Relating to Title IX and other Discrimination Complaints. If the victim does not wish to make a complaint pursuant to Erskine’s policies and procedures, Erskine will make reasonable efforts to respect the confidentiality of the victim; however, Erskine reserves the right to take disciplinary action against the perpetrator in the interest of campus safety. If a case is being pursued by a criminal or civil court, Erskine will evaluate safety concerns for the campus and the risk of impairment of the rights of the parties to a fair trial in determining whether an on campus hearing should go forward or be delayed. Erskine reserves the right to bring, delay, resume, or reinstitute a hearing at any time before or after the verdict in the Court’s legal system. At Erskine proceedings, the accuser and the accused are entitled to the same opportunities to have others present during the disciplinary proceeding. Both the accuser and the accused will be informed of the outcome of Erskine proceedings. Reports will be included anonymously in statistics required by the Jeanne Clery Act as applicable.

If criminal charges are pressed and the suspect is found guilty, Erskine reserves the right to further discipline the perpetrator in line with the severity of the offense upon completion of the criminal prosecution. Erskine also reserves the right to discipline the perpetrator even if no criminal charges are brought or if the perpetrator is found not guilty in a criminal proceeding. Possible disciplinary action may include, but is not limited to: fines, dismissal from or refusal of campus housing, or dismissal/termination from Erskine.
Reducing Risks

There are a number of proactive measures an employee or student can take to minimize the potential for becoming a victim, such as: reporting suspicious persons to the Office of Erskine College Police Department, keeping others aware of one’s anticipated destinations and times of arrival and departure, not working, studying or being alone in buildings or isolated areas. Employees and/or students who “feel” uncomfortable at any place on campus should trust their feelings and contact the Office of Erskine College Police Department (911) to be accompanied to their destination. Students should be cautious dating persons they do not know well, and get information about such persons from a mutual acquaintance or try to arrange a double date or group activity. Leaving a party or other social event with someone only recently met can be dangerous. Excessive alcohol impairs judgment. Acquaintance rapes usually involve drugs or alcohol use by one or both parties. Illicit drugs or improperly used prescription drugs can interfere with clear thinking and clear communication. Sexual limitations and desires should be communicated clearly. Finally, students should walk with confidence and alertness. Assailants are less likely to target a person who appears assertive and difficult to intimidate.

Prevention, intervention and education programs specifically addressing rape, acquaintance rape and other sexual offenses are presented during Freshman Orientation for students (Every freshman is required to attend these sessions.) and periodically through Erskine’s Residence Life Program and during Faculty/Staff orientation sessions for employees. For more information on these programs, contact the Office of Student Services (for students) or Title IX and Non-Discrimination Coordinator (for employees).

Sex Offender Registry and Access to Related Information

Incarceration may remove a sex offender from the streets, but it does nothing to prevent the offender from committing another crime when released. The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in the State to provide notice, as required under State law, to each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. In South Carolina, convicted sex offenders must register with the County Sheriff’s Office where they reside.

In addition, all persons convicted of violations under the laws of the United States or any other state substantially similar to an offense for which registration is required shall provide to the local agency all necessary information for inclusion in the State Offender Registry within ten days of establishing a residence within South Carolina. Any person required to register shall also be required to re-register within ten days following any change of residence.

Non-resident offenders entering the State for employment, to carry on a vocation, or as a student attending school who are required to register in their state of residence or who would be required to register under this section if a resident of South Carolina shall, within ten days of accepting employment or enrolling in school in South Carolina, be required to register and re-register pursuant to this section. For purposes of this section, “student” means a person who is enrolled on a full-time or part-time basis, in any public or private educational institution, including any secondary school, trade or professional institution, or institution of higher education.

The State Law Enforcement Division (SLED) maintains a website which allows a search of the Sex Offender Registry for Offenders by Name, City, County, or Zip Code. Information may also be obtained from the SC Attorney General’s office and/or website.

Registry information provided under law shall be used for the purposes of the administration of criminal justice, for the screening of current or prospective employees or volunteers or otherwise for the protection of the public in general and children in particular. Use of the information for purposes not authorized by
law is prohibited and a willful violation with the intent to harass or intimidate another can result in prosecution.

Policy on Communicable Diseases

In accordance with current legal precedents concerning discrimination, admission to the College will not be denied to a qualified student solely on the ground that the student is an infected individual. Similarly no student shall be required to cease attending College solely on the basis of a positive diagnosis of infection. Any such action will be taken only after reasonable accommodations have been made and an examination of the facts demonstrates that the student can no longer perform as required or that the student presents a health risk to himself or herself or to the College community.

If you lose your key or access fob, please notify the Office of Student Services immediately. The fob will need to be deactivated to assure security of campus buildings. Replacement keys cost $30, and replacement fobs are $10.

Erskine College Alcohol Policy

The Mission of Erskine College is to equip students to flourish by providing an excellent liberal arts education in a Christ-centered environment where learning and Biblical truth are integrated to develop the whole person.

In any community, certain topics can often be divisive to the relationships with others. In our Christ-centered community we feel it is important to set up safeguards to limit the fragmentation that can damage learning and development of the whole person. These standards often take the form of expectations of conduct.
Listed below are important information and standards of the Erskine College community regarding the use of alcoholic beverages. These standards are in place to foster our campus community, provide a safe environment for our students to learn and grow, and support the Mission of Erskine College. These standards are not written to imply that the use of alcohol is immoral, but instead to provide a framework for responsible choices pertaining to the use of alcohol beverages. The College affirms the abuse and illegal use of alcohol to be at odds with the Mission of the institution and will only cause harm to the College community.

Erskine College expects all students to comply with all federal and state laws pertaining to alcohol. In the State of South Carolina, persons under the age of 21 shall not purchase, consume, or possess alcoholic beverages. In addition, it is against South Carolina law to sell or furnish alcoholic beverages to persons less than 21 years of age. Students should make responsible choices about whether or not to use alcohol. A responsible choice will vary from individual to individual. Because most Erskine College students are under the legal drinking age, their choice should be abstinence; for those of legal drinking age, it should be abstinence or moderation.

The possession of alcoholic beverages by any Erskine student or guest of any Erskine student anywhere on the Erskine campus or at any function sponsored by any College organization is a violation of the Code of Conduct. This includes all residence hall rooms. A residence hall resident is responsible for any violation of the alcohol regulations, including underage possession or consumption that occurs in his/ her room while he or she is present. Public display of any alcoholic beverage, drunkenness, or alcohol related misconduct in any area of campus is a violation of the Code of Conduct. Violations of the Code of conduct could result in sanctions up to and including separation from the College.

  - Student organizations are responsible for ensuring that no person is allowed to enter their function who is visibly intoxicated.

Health Risks

The following information on health risks is from *What Works: Schools Without Drugs*, U. S. Department of Education (1992):

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a
variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

 Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

Counseling and Treatment Resources

Off campus, professional alcohol and drug abuse counseling is available to Erskine students. For referral, please visit the Office of Student Services to speak to a staff member or call (864) 379-8701.

Housing Policy

Erskine College is a residential campus. In order to provide the experiences and opportunities for growth to meet the mission and goals of Erskine College, it is important that the Erskine student live, study, exercise, worship, and socialize in the atmosphere expressly created for that purpose. To promote this end, all Erskine students are expected to reside in the Residence Halls and eat in the dining hall during normal academic terms. All students will automatically be charged a room and board fee by the Business Office unless a statement is received from the Office of Student Services indicating a change in this situation.

Exemptions to Live Off Campus

Every Erskine College student is required to live in a campus residence hall unless the student is granted an exemption. Exemption requests will not be considered unless they meet one of the following criteria:

- Student is legally married
- Student is legally responsible for someone else (caregiver, parent, guardian, etc.) and has documentation demonstrating this responsibility
- Student resides with an approved blood relative and must
  - Live within a 50-mile radius from the campus
  - Notify the Office of Student Services that he/she wishes to commute by completing a Commuter Request Form. A Commuter Certificate will be sent to the legal guardian
  - A Commuter Certificate must be on file in the Office of Student Services prior to the beginning of the semester the student becomes a commuter
- Student is at least 22 years of age and must:
  - Have at least a 2.5 cumulative GPA and not be on Academic Probation/Suspension
  - Have no significant judicial history (verified by Dean of Students)
  - Have the approval of the Athletics Department (if the student is an athlete)
- Student has a documented medical exemption. Appeals to live off campus on the basis of a medical need must meet the following criteria:
  - The medical need must be compelling, such as post-hospitalization with ongoing care
  - Requirements for special medical equipment which cannot be met in campus housing
  - The need for special care attendants to help the student
Issues such as social anxiety, mild depression, and cognitive impairment typically are not considered to be compelling reasons to gain approval to live off campus. Requests for residing off campus due to asthma/allergies are typically not granted. Students wishing to pursue this avenue need to include letters from treating physicians and/or other medical professionals. They must also agree to full medical disclosure with The Office of Student Services.

Exemption Requests

If a student wishes to request an exemption from the on campus requirement, he/she must submit the following documents to the Office of Student Services by the last day of classes in the spring semester:

- A letter from the student in which he or she details the exemption criteria that is met in his/her situation
- A letter from his/her legal guardian showing support of the on campus exemption
- Pertinent supporting documentation.

Once all information is received by the Office of Student Services, the request will be considered by the Housing Appeals Committee. The student should receive a decision letter in his/her Campus Post Office Box within five (5) to ten (10) business days.

A student may appeal the decision of the Housing Appeals Committee to the Vice President for Student Services. The appeal must be received in writing within five (5) days of the Housing Appeals Committee’s decision.

The decision of the Vice President for Student Services is final unless the student believes a procedural error has unfairly impacted the outcome of the exemption request. In that case, the student may submit a written appeal to the President within five (5) days of the Vice President’s decision.

Once an exemption has been approved, a student must provide the Office of Student Services with a current address at the beginning of each semester.

Medical Single Policy

The Office of Student Services has a limited ability to grant residents who demonstrate documented medical conditions a Medical Single Room. Submission of Medical Single Room documentation does not guarantee receipt of a medical single. Documentation of a disability alone, without justification, does not constitute grounds for a Medical Single Room. Decisions are made through the Office of Student Services in consultation, as necessary, with Counseling and Health Services.

Medical Single Rooms are awarded on a space available basis and MUST be renewed each year with updated documentation according to established policy and guidelines. It is the resident's responsibility to know the policy and guidelines and he/she can get information by contacting the Office of Student Services.

A Medical Single Room assignment is only granted to students for whom no other accommodation is deemed reasonable, and only when available. A medical condition alone does not qualify a student for a Medical Single Room assignment. Examples of conditions that ordinarily do not warrant a Medical Single Room assignment include:

- asthma
- allergies
- learning disorders/ADHD
- insomnia and sleep problems
• orthopedic problems
• depression
• anxiety

Some of these conditions may be accommodated in other ways; e.g., a student with orthopedic problems of the knee or ankle may be given a first floor room assignment or assignment to a residence hall with an elevator.

The documentation must meet the following criteria:

- The resident needs to submit a written letter detailing the nature of the request for a Medical Single Room and how a Medical Single Room is necessary for his/her overall success as a student.
- Documentation must be from a qualified licensed professional such as a physician, psychiatrist, psychologist, etc.
- Must include date(s) of diagnosis or assessment, treatment plan information, patient response, prognosis, and a specific description of why a Medical Single Room is necessary for the student's physical or mental health.
- Documentation must be received on original letterhead with the original signature of the treating physician or health care provider.
- Documentation from a blood relative will not be accepted.

It is Erskine’s expectation that during the term of the housing contract, the student adhere to the treatment plan assisting him/her in his/her need. A Medical Single Room will not be automatically granted from one academic year to the next. Students will need to supply ongoing supporting documentation stating the student’s progress, ongoing diagnosis and documenting the continued need for a single room accommodation.

For new students to Erskine, the deadline for submission of documentation and requests for a Medical Single Room accommodation is July 1. For returning students, deadlines for submission of documentation and requests for a Medical Single Room accommodation are set by term as follows:

- Fall Semester: March 1
- Spring Semester: November 1

Room Entry and Search

The College recognizes students’ desire for privacy in their rooms and intends to provide, when the College deems it appropriate, advance notice before staff or authorized agents enter residence hall rooms. The College reserves the right to enter student rooms, or grant permission to its authorized agents to enter student rooms, for the following reasons: to respond to an emergency, to confirm occupancy, to make needed repairs, to perform routine maintenance, to conduct health and safety inspections, and to maintain the College’s Code of Conduct. Inspections for health and safety conditions and property inventory may be conducted by residence life staff periodically. In addition, residence hall rooms will be inspected during break closings of campus housing. When possible, a representative of the Student Government or the Judicial Council will be present during searches related to potential Code of Conduct violations. These types of searches must be approved by the Vice President for Student Services and Dean of Students or the Associate Dean of Students and will be conducted by them or their designee(s).

Damage Charges

A Room Inspection Form is completed by residence life staff prior to check-in. Students will have the opportunity to review the document and make comments prior to signing it. Students will be charged for any changes to the room that occur during the year. No furniture is to be removed from the room during
the year. It is imperative that students make SLAs or the RD aware of problems in the room so work orders can be filed. Unreported problems may result in damage charges at the end of the year. The following incidents may result in substantial damage charges; the list is not exhaustive:

- Removing shelves or furniture, attempting to rewire any outlets or lighting, sawing doors to accommodate carpeting, installing water filters or other specialized plumbing fixtures, etc.
- Painting and/or repainting a room. Painting will result in charges from the College for the cost for materials and labor (which may be outsourced) to repaint the room.
- Using nails, putty, or two-sided tape to hang posters, picture frames, bulletin boards, etc.
- Decorating with contact paper or “glow-in-the-dark” stars.
- Failing to remove personal furniture, carpeting, belongings, or trash upon check-out.
- Failing to sweep/vacuum room upon check-out.

**Common Space Damages**

If damage occurs in common space in a residence hall and the person responsible for the damage cannot be identified, the cost will be shared by the residents of that building or that specific floor. Residents are encouraged to show respect for the community in which they live and work and to hold others accountable. The following incidents may result in substantial damage charges; the list is not exhaustive:

- Broken windows in stairwells
- Broken ceiling tiles
- Broken lobby furniture
- Large amounts of trash in lobby areas

**Damage Charges and Billing**

An updated list of charges related to damages and fines is available in the Office of Student Services. Actual billing for damages occurs at the beginning of the summer with the aid of the Aramark staff. Billing for room damages ordinarily appears in the June billing from the Business Office (January for those students who move out in December).

**Video Cameras on Campus**

Video cameras are situated in various locations around campus for security purposes. There are times, however, when footage from these cameras can confirm violations of the College Rules and Regulations as stated in the *Pilot*. Access to this video footage can only be obtained through the Vice President for Student Services and/or the Chief of Erskine College Campus Police. In the event there is reason to believe a violation or incident has occurred in which the video footage may be helpful in identifying persons involved, said footage can be used. The video footage will not be viewed without a request from a Student Life Assistant, a Resident Director, a Student Government Association officer, a Judicial Council officer, or an officer of the College. If the Vice President for Student Services and Dean of Students and/or the Associate Dean of Students, and/or the Chief of Campus Police have reasonable cause to believe a violation has occurred, they may view the appropriate video footage. While there is no statute of limitations on the viewing of video footage, a reasonable time frame should be used in reporting and acting upon such violations.

**Demonstrations**

Erskine recognizes the right of students to demonstrate peaceably; however, demonstrations must be registered with the Office of Student Services prior to the event. The Vice President for Student Services and Dean of Students and Chief of Police should be notified of any demonstration to ensure the safety of Erskine students and Erskine property.

**Hazardous Weather**

The President of Erskine or his designee(s) has the sole authority to make decisions regarding the status of the campus during periods of hazardous weather or other emergency conditions. The following procedures are provided to timely inform faculty, staff, and students of the status of the campus when hazardous weather threatens personal safety and/or alters regular class meetings or the normal hours of operation for campus offices.
Above all, Erskine seeks to help ensure the safety of all during periods of hazardous weather, and accordingly, faculty, staff, and students are strongly encouraged to use caution and good discretion when traveling to and from the campus and while on the campus so as to reduce the risk of injury to themselves and to others.

Erskine College follows the schedule for Abbeville County Schools. Faculty and students in the College and Seminary should consult the following news sources to determine the status of classes during hazardous weather conditions:

1. The dedicated Erskine telephone information hotlines for up-to-date recorded messages regarding the status of the College and Seminary, respectively.
   (864) 379-6651 (College faculty and students)
   (864) 379-6652 (seminary faculty and students)

2. The Erskine website (www.erskine.edu). The College and Seminary will post separate announcements.

3. Local news stations—WYFF Channel 4 and WSPA Channel 7. The College and Seminary will post separate announcements. No announcement means that the campus offices and classes are on regular schedule.

Health Services

Location, Staffing, and Hours

Erskine College Health and Counseling Services is located at Due West Family Medicine and is dedicated to support the overall well-being of each student. The professional staff of licensed health care providers is committed to quality care and confidentiality. Dr. Brian Henry of Due West Family Medicine serves as the primary physician. Students can be seen by the physician Monday through Friday beginning at 8:00 a.m. until all have been seen. Students can receive care from a nurse Monday through Friday 8:00 a.m.-5:00 p.m. A staff member is on call 24/7 in case of emergency. Contact information for the on-call provider can be obtained by calling (864) 379-2345.

1. When you enter Due West Family Medicine between 8:00 a.m and 5:00 p.m., you should sign the sheet in the reception area.
2. After hours, if you have an emergency or feel you need immediate attention call (864) 379-2345 or 911. Due West Family Medicine is officially closed on the weekends, but a physician is always on call.
3. Please advise the College physician or nurse of any medication or drugs which you are taking.
4. Medical physicals are required of all new students as part of the admissions process.
5. To obtain verification of your health care visit, you must be seen by the physician or nurse before you miss class.

While the student Medical Fee provides students with access to the campus nurse and physician, Erskine expects students to maintain independent, valid medical insurance coverage, usually secured under their parents’ medical insurance policy. Students who do not have medical insurance are encouraged to obtain coverage to address any medical costs in the event of illness, an accident, or other medical situation. Students may visit the Erskine Human Resources Office in Belk Hall for guidance on companies who write student medical insurance policies.

Requirements and Services

Before being seen by one of Due West Family Medicine’s health care providers, a student must have an official physical form and immunization record on file in the infirmary. Included in the immunization record must be verification of PPD within the last year, two MMRs, and Tetanus within the last ten years. It is also recommended that students have the Meningitis, HPV, Hepatitis A and B, and Influenza vaccines. Primary care visits with the physician and/or nurse as well as certain medications are provided at no
additional charge beyond the annual medical fee. If a student requires an appointment with a specialist, x-rays, hospital care, or other services not provided by Due West Family Medicine, the cost will be incurred by the student.

Routine lab tests are performed at Due West Family Medicine, including strep, urinalysis, mono, and flu. Allergy injections are also given.

Automobiles

1. Any student may have an automobile or motorcycle on campus. All vehicles used by resident students, commuter students, or off campus students, are required to have a permanent parking decal on the left rear bumper. A vehicle registration form must be completed with the correct information. False or incorrect information given will be ruled as a violation and will be subject to a fine. All license plate changes require you to complete another vehicle registration form so that database can be updated. Failure to comply will result in a fine. Vehicle registration forms along with decals can be obtained from the Business Office. A vehicle temporarily used (2 weeks max.) by a student or a guest that is parked overnight in a College parking lot should have a temporary parking permit. A temporary parking permit can be obtained from your Resident Director or Student Services. Temporary parking passes must be properly displayed on the rear view mirror.

2. Vehicles may be parked on campus only on paved parking lots or campus streets. All vehicles must be parked within the marked designated areas. Parking elsewhere – on grass, etc. – is a violation.

3. Certain areas on campus have been designated “tow-away” zones. Vehicles parked in these areas may be towed at the owner’s expense. These tow-away zones include the following:
a. The entrances to all the residence halls. NOTE: The asphalt “loading zones” at the side entrances at Grier and Pressly Halls are for loading and unloading of heavy personal belongings only and are not parking areas.
b. There is NO PARKING on the Circle. The only exception is at the beginning of the year for moving in and at the end of the academic year for moving out. In these cases, a licensed driver with a key to the vehicle should remain with the vehicle at all times.
c. There is a 15 minute time limit to parking on the Robinson Circle and the circle at the Watkins Student Center.

4. The street behind Watkins Student Center, Wightman Street, is maintained and patrolled by the Town of Due West. There is no parking on either side of this street.

5. Driving any motorized vehicle across campus (i.e., on grass or sidewalks) is a violation and subject to a fine.

6. Any student who receives more than three tickets in any one semester may be referred to the Committee on Discipline and Appeals concerning loss of vehicle privileges, while enrolled for the remainder of that semester or the next semester or as otherwise designated by a hearing body.

7. Tickets must be paid in the Business Office. All fines will be doubled if not paid within two weeks after the ticket is given. Fines are generally reduced by 50% if paid within the first week after the ticket is issued.

8. Parking in the US Post Office lot and in spaces on the street beside Post Office is for Post Office customers only. Violators are subject to being towed.

9. Parking in non-Erskine parking lots is for customers only. Violators may be ticketed by the Due West Police.

10. Any vehicle parked on the campus is subject to search provided there is probable cause. This search would follow the same procedure as followed for a room search.

11. Parking in any designated handicap space is prohibited. To obtain a legal temporary handicap placard you will need to take a doctor’s written note to the Infirmary where Dr. Henry will complete the form which you will need to take to the Department of Motor Vehicles to obtain your temporary handicap placard. The placard must be properly displayed on your rear view mirror.

12. All vehicles must be insured and have a current registration decal located on license plate. Vehicles not having current registration or insurance will be considered as abandoned and will be subject to towing and storage fees.

13. Parking along the side the Erskine/Lesesne building is prohibited. Violators may be ticketed and/or towed.

14. All vehicles must be registered and have parking decals properly displayed by the end of the first week of classes. Campus Police will start issuing tickets for failure to register or for improper display of decal at the start of the second week of classes.

15. Vehicles shall not park with its left wheels to the curb (parking on opposite side of road facing traffic). If this occurs on Due West Town streets; violators will be ticketed by the Due West Police Department.

**Pet Free Environment**

Pets are not allowed in any buildings at Erskine. The one exception to this policy is seeing-eye dogs for individuals needing such assistance. This policy is in place to protect others who may have an allergic
reaction to pets and also for good housekeeping. Small aquariums for aquatic life are acceptable but must be kept clean.

**Campus Athletic Facilities**

Employees/Students are advised that there are inherent risks, including the risk of severe injury and death, associated with the use of the recreational facilities. By using the recreational facilities, Employees/Students are voluntarily assuming all such risks and agree to be solely responsible for any and all injuries or damages, including death, that result from the use of the recreational facilities. In addition, by using the recreational facilities, each Employee/Student agrees to indemnify Erskine College, its trustees, officers, agents and employees from any and all actions, claims, demands, losses, liabilities, costs, including reasonable legal fees and costs, of any nature arising out of or in any way related to his/her use of the recreational facilities.

**Missing Student Protocol**

Erskine College requests that all new students annually provide contact information in the event that the student would be reported officially missing during his/her tenure at Erskine.

If a student is suspected missing from the campus, immediately contact the Office of Student Services at (864) 379-8701.

All reports of missing persons made to the Office of Student Services are followed up with an on-going investigation. If it is determined by the Office of Student services, in conjunction with Campus Police that a student for whom a missing person report has been filed has been missing for more than 24 hours, then within the next 24 hours Erskine will:

- Notify the individual identified by the student as the missing person contact;
- If the student is under 18 years old, the College will notify a parent or guardian; and
- In cases where the student is over 18 and has designated another primary contact, the College will notify appropriate individual.
- Campus Police will contact 911 to send out a missing persons alert.

**Student Publications**

Student publications and the student press are a valuable aid in establishing and maintaining an atmosphere of free and responsible discussion of intellectual exploration and other areas of campus life. They are a means of expressing concerns of the academic community and of formulating opinions on various issues on the campus and in the world at large.

1. Editors and managers should subscribe to canons of responsible journalism, such as the avoidance of libel, indecency, poor taste, undocumented allegations including rumor, attacks on personal integrity, and techniques of harassment and innuendo. At the same time they should be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content.

2. The student press should be free of censorship, and its editors and managers should be free to develop their own editorial policies and news coverage.

3. All student publications should explicitly state on the editorial page that the opinions there expressed are not necessarily those of the College or of the student body.

**Intellectual Property Rights Policy**
Erskine College is committed to providing an environment that supports the teaching, learning, scholarship, and creative activity of College and Seminary faculty, staff, and students. The Intellectual Property Rights Policy is intended to:

- encourage excellence and innovation in teaching, scholarship, and creative activities by identifying and protecting the intellectual property rights of the institution and its faculties, staff, and students;
- encourage the notion that creative and scholarly works produced at Erskine College should advance knowledge and contribute to the public good;
- acknowledge and preserve the traditional property rights of scholars with respect to products of their intellectual endeavors (e.g., books, monographs, articles, manuscripts, creative writings, musical scores, works of art); and
- guide policy and process for commercial uses of intellectual property other than the traditional products of scholarly work.

The following policy covers all types of intellectual property, including, in particular, works protected by copyright, patent, and trade-secret laws.

Policy

Erskine College owns the rights to all works, inventions, developments, and discoveries (hereafter referred to as “work” or “works”) created by employees (including students working in conjunction with full-time employees), within the scope of their employment; or whose creation involves the substantial use of College or Seminary equipment, services, or resources. Such works include any patentable invention, computer-related software, databases, Web-based learning, and related materials; but do not include such traditional scholarly works as books, monographs, articles, manuscripts, creative writings, musical scores, and works of art (hereafter, “scholarly works”).

The “work-for-hire” rule in the federal Copyright Act gives the institution ownership of the copyright to copyrightable works produced by any employee within the scope of his or her employment (see Explanation of Terms below.) However, in the case of scholarly works, Erskine cedes copyright ownership to the author/creator(s). It is not the intent of this policy to change the relationship that has existed through the years between Erskine and author/creator(s) in relation to copyright ownership of scholarly works.

The use of College or Seminary equipment, services, or resources is “substantial” when it entails a kind or level of use not ordinarily available to all, or virtually all, faculty, staff, and/or students (see Explanation of Terms below.) Where question arises as to whether a particular work involves “substantial use” or falls within the “scope of employment,” the matter shall be referred to an ad-hoc committee appointed by the Vice President and Dean of the College or the Dean of the Seminary and the respective faculty Chair, in consultation with the author/creator(s).

When employee-created intellectual property results from third-party grants, contracts, or awards made to the institution, the intellectual property is owned by Erskine College unless written agreement involving the institution, the employee, and the sponsor establishes an alternative ownership arrangement. No such agreement shall be entered into without the review and approval of the respective academic dean.

If an employee creates intellectual property, other than a scholarly work, which may lead to commercial development, he/she is expected to notify immediately his/her department chair or director and the respective academic dean in order to provide them with sufficient information to permit the College or Seminary to evaluate the work, both its ownership and its commercial potential, and, if appropriate, to take steps to protect the institution’s intellectual property rights. If ownership rests with Erskine College but the institution elects not to exercise its ownership rights, then ownership rights and responsibilities
related to patenting, copyrighting, and licensing shall revert to the author/creator(s). In such a case, Erskine College retains a nonexclusive, royalty-free right to use the work for non-commercial purposes.

In the case of employee-owned intellectual property, the author/creator(s) may petition Erskine College to accept assignment of ownership rights and the attendant control of and responsibility for development. The institution, however, is under no obligation to accept this assignment and would do so only when independent evaluation indicates that accepting the assignment would further the mission and work of the College or Seminary.

Revenue Sharing

Erskine endorses the legitimate expectation of employee author/creators to share in any net revenues produced by licensing or other development of intellectual property. Accordingly, for any work in which the institution asserts ownership interest under this policy, Erskine College and the author/creator(s) will share any annual net revenue (revenues less recovery of all legal and other costs involved in protecting the intellectual property rights of the work, licensing costs, and other directly related administrative costs) in the following percentages, unless different contractual agreements have been reached in relation to particular works:

<table>
<thead>
<tr>
<th>Net revenue</th>
<th>Author / creator(s)</th>
<th>Erskine College</th>
</tr>
</thead>
<tbody>
<tr>
<td>≤ $5,000</td>
<td>100%</td>
<td>0%</td>
</tr>
<tr>
<td>$5,001-$25,000</td>
<td>75%</td>
<td>25%</td>
</tr>
<tr>
<td>$25,001-$99,000</td>
<td>60%</td>
<td>40%</td>
</tr>
<tr>
<td>≥ $100,000</td>
<td>50%</td>
<td>50%</td>
</tr>
</tbody>
</table>

If a work involves more than one employee as author/creator, the author/creators will divide their share equally unless they provide Erskine with an alternative revenue distribution agreed upon by all author/creators. Use of net revenues received by the institution under this policy shall be restricted to the support of scholarly, research, or creative activity on the part of faculty, staff, and/or students.

Recognizing that this area is complex and rapidly evolving, Erskine College remains open to the possibility of arriving at special agreements as the need may arise in relation to particular projects. This policy shall be reviewed within three years by the President’s cabinet and revised as necessary.

Explanation of Terms

Who owns intellectual property?

When does Erskine College own employee- or student-created intellectual property?

Any one of these circumstances will result in College ownership:

- if intellectual property is created on College or Seminary time (including sabbatical leave time), with substantial use of Erskine College equipment, services, or resources; or
- if intellectual property is commissioned by Erskine College pursuant to a signed contract; or
- if it fits within any specific category considered works for hire under copyright law.

If intellectual property results from research supported by federal funds or third-party sponsorship with no written agreement involving Erskine College, the researcher and the sponsor have established an alternative ownership arrangement.
When does an individual own intellectual property?

- if it is unrelated to the employee's or student's job responsibilities and has not made substantial use of College or Seminary equipment, services, or resources; or
- if it is a work that has been released to the author/creator(s) in accordance with this policy; or
- if the intellectual property is embodied in such traditional scholarly works as books, monographs, articles, manuscripts, creative writings, musical scores, and works of art even though such a work may be within the scope of employment and even if significant Erskine College resources were used, unless the work is:
  - created by someone who was specifically hired or required to create it or
  - commissioned by Erskine College

In either of these cases, Erskine College, not the creator, will own the intellectual property.

What is meant by “within the scope of employment”?

Works related to an individual’s job responsibilities, even if he or she is not specifically requested to create them, will belong to Erskine College as works-for-hire. A copyright work is related to an employee’s job responsibilities if it is the kind of work he or she is employed to do and he or she does it, at least in part, for his or her use at work, or for use by fellow employees, his/her employer, or his/her employer’s clients. The work should be performed substantially at work using work facilities, but the employee’s use of personal time or other facilities to create the work will not change its basic nature if it is related to the person’s job as described above. Works that have nothing to do with job duties will remain the property of the employee so long as he or she makes no more than incidental use of Erskine College facilities.

For example, if your job were “Safety Engineer,” a software program that you created on your own initiative to run on everyone’s work computers to show a graphic of their nearest fire exits would be related to your job duties and would belong to Erskine College, even if no one asked you to create it and you did some of the programming at home on your own computer. A program that you create that does not relate to your job, that neither you nor others use at work, and that you create on your own time would belong to you.

What is meant by “substantial use”?

For purpose of this policy, “substantial use” is the use of resources other than those “ordinarily available” to most or all faculty, staff, and/or students. Such ordinarily available resources currently include office space and personal office equipment, office computers, library and other general use information resources, means of network access to such resources, and other support (for student participation) provided through various work study or research programs. By contrast, use of College laboratories or special instrumentation, dedicated assistance by Erskine College employees, special financial assistance, or extensive use of shared facilities would constitute substantial use.

To accommodate rapid changes in technological paradigms, the understanding of “substantial use” may be revised from time to time by the Vice President and Dean of the College or the Vice President of the Seminary, respectively, for approval by the President’s cabinet.

Adopted by the President's Cabinet, 23 January 2012

Students’ Right to Privacy

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education record(s). The institution may disclose education records without a student’s consent...
under the FERPA exception for disclosure to institution officials with legitimate educational interests. An institution official is a person employed by Erskine in an administrative, supervisory, academic or research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the institution has contracted as its agent to provide a service instead of using institution employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; a student serving on an official committee, such as disciplinary or grievance committee; and/or someone assisting another institution official in performing his/her tasks.

An institution official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibilities for the institution.

Upon request, the institution also discloses education records without consent to officials of another school in which a student seeks or intends to enroll. The institution has designated the following information concerning a student as —Directory Information and the institution will normally release that information without the student's consent: The student's name, address, telephone number, e-mail address, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational institution attended by the student, photographs, enrollment status, academic level, participation in officially recognized activities and sports, and weight and height of members of athletic teams. However, a student has a right to refuse to permit the disclosure of any item of Directory Information. To exercise that right, a student must notify the Registrar in writing that the student does not want any or all of the Directory Information disclosed within the first five days of each term.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education

Severe Weather – Tornadoes

The town of Due West has implemented a Town Siren. Listed below is the policy for Erskine.

1. A tornado watch is a forecast of the possibility of tornadoes in a large area. Normal activities should continue and the following precautions should be taken:

   a. Upon receiving notification of a tornado watch through the established warning system, weather monitor, or police emergency communications, the administrative offices and others on the Severe Weather Notification List (See Appendix D) should be alerted to the situation by Police and/or the Facilities Management Department.

   b. The emergency weather monitor or local radio station should be monitored constantly by Campus Police and/or the Facilities Management Department. Campus Police shall maintain radio contact with Abbeville 911.

2. A tornado warning means that a tornado has been sighted, is imminent, and may be approaching.

   a. Campus Police patrol cars or The Town of Due West Police Patrol cars should warn those on the grounds by means of public address warning and siren.

f. Professors, Resident Directors, Building Coordinators, and others with supervision responsibility for students, other workers, or buildings shall be informed at the beginning of each academic year about their responsibilities for tornado procedures.

**Erskine College Police Department (Campus Police)**

Erskine employs Police officers who are supported by the Due West Police Department to provide 24-hour campus surveillance. Erskine seeks to provide an environment where students, faculty, staff, and visitors are protected from harassment and injury.

The Erskine College Police Department practices numerous measures to prevent crime such as:

1. Campus Police Officers employed by Erskine are certified Class 1 law enforcement officers and commissioned as State Constables by the Governor of South Carolina.

2. The Due West Police Department provides supplemental assistance during the times when Erskine's Campus Police officers are not on duty.

3. Abbeville County Emergency Medical Services and the nurse employed by Erskine provide the basic health service aided by Erskine's physician.

4. Erskine Police Officers have radio contact with all emergency service agencies across the Palmetto 800 system and Abbeville 911 Center.

5. Physical barriers and signs have been constructed to deter would-be criminals.

7. The non-resident campus buildings are normally locked during periods when they are not occupied, and residence halls are locked all the time.

8. The campus is patrolled by vehicle, bike, and on foot by the Erskine College Police Department and/or Due West Police Department.

9. Upon request and whenever possible, student, faculty and staff members will be escorted to and from their vehicles during the evening hours. To arrange an escort, one may contact Erskine Campus Police at (864) 378-1650. If unavailable, one should contact the Due West Police Department at (864) 379-2150, or call the non-emergency Abbeville 911 number (864-366-2254).
Visitors or unescorted individuals may be greeted by Campus Police Officers and have assistance provided if they have business on the campus. Individuals who have no reason to be on the campus will be escorted off the premises.

**General Student Grievances**

In order to maintain a healthy relationship between Erskine College and Erskine Theological Seminary and its students, it is the policy of the College and Seminary to provide for the settlement of problems and differences through orderly grievance procedures. Every student shall have the right to present his/her complaint, in accordance with the procedures established. This policy outlines the procedures students should follow in resolving student grievances of a general nature. Should a grievance involve sexual assault, sexual or other harassment, discrimination, or classroom grading, the separate, specific policies in the respective student handbook and/or the Catalog for those areas should be followed.

Because the appropriate course of action is not always clear to students seeking redress of a grievance, the Dean of Students of the College and the Dean of the Seminary shall serve as resources for those seeking information regarding grievance and appeal procedures.

**Informal Resolution**

Grievance procedures at Erskine College and Erskine Theological Seminary, for both academic and non-academic matters, follow the scriptural principles outlined in Matthew 18:15-22. Prior to invoking the formal procedures described below, the student is strongly encouraged to discuss his/her grievance with the person alleged to have caused the grievance. The student may wish to present his/her grievance in writing instead of orally to the person alleged to have caused the grievance, but should not distribute the written communication to others than the person with whom one has a grievance. In either case, the person alleged to have caused the grievance must respond to the student promptly, either orally or in writing. It is the responsibility of the faculty or staff member to notify his/her supervisor of the informal resolution.

**Initial Review**

If the student is not satisfied with the response, he/she may present the grievance in writing to the chair or director (hereinafter "administrator") of the department or area where the person alleged to have caused the grievance is employed. Any such written grievance must be received by the administrator not later than thirty (30) business days after the student first became aware of the facts which gave rise to the grievance. (If the grievance is against the chair or director of a department or area, the student should address his/her grievance to the appropriate Vice President and/or Dean.) The administrator should conduct an investigation as warranted to resolve any factual disputes. In matters pertaining to the faculty and/or academic matters, the appropriate appeals process will be followed by the College and the Seminary.

Based upon the findings, the administrator shall make a determination and submit his/her decision in writing to the student and to the person alleged to have caused the grievance within fifteen (15) business days of receipt of the complaint. If a decision cannot be made in fifteen (15) business days, the student will receive a letter with an estimated date of completion. The written determination shall include the reasons for the decision, shall indicate the remedial action to be taken, if any, and shall inform the student of the right to review by the vice president.

**Vice President Review**

Within five (5) business days of receipt of the administrator’s decision, a student who is not satisfied with the response of the administrator after the initial review may seek further review by submitting the written grievance, together with the administrator’s written decision, to the appropriate vice president. The vice
president’s action may be limited to a review of the basis for the administrator’s decision and need not involve a new factual investigation. The vice president may direct that further facts be gathered or that additional remedial action be taken. Based upon the findings, the vice president shall make a determination and submit his/her decision in writing to the student and to the person alleged to have caused the grievance within fifteen (15) business days of receipt of the complaint. If a decision cannot be made in fifteen (15) business days, the student will receive a letter with an estimated date of completion. The written disposition shall include the reasons for the decision, direct a remedy for the aggrieved student if any, and inform the student of the right to seek an appeal by the President.

Presidential Appeal

Within five (5) business days of receipt of the vice president’s decision, a student who is not satisfied with the response of the vice president may apply for further review by submitting the written grievance, the administrator’s written decision, and the vice president’s written decision to the President of Erskine College and Seminary. A review by the President is not considered a matter of right, but is within the sound discretion of the President. If a review is granted, the President may refer the case to the Presidential Appeals Committee (PAC). If the case is referred to the PAC, the body will make a recommendation to the President who can accept the recommendation or change the decision.

The President’s action will be limited to a review of the basis for the administrator’s decision and the vice president’s decision and need not involve a new factual investigation. Within fifteen (15) business days of receipt of the request for review, the President shall submit his decision in writing to the student and to the person alleged to have caused the grievance. The written disposition shall include the reasons for the decision, and it shall direct a remedy for the aggrieved student if any. The President’s decision will be final.

These procedures shall not be used to bring knowingly frivolous, false, manipulative, or malicious charges against any faculty or staff member. Disciplinary action, including dismissal from the College or Seminary, may be taken against any person bringing academic or non-academic complaints in deliberate bad faith.

Involuntary Withdrawal Policy

Erskine College places the utmost priority on student welfare and community safety. When a student demonstrates conduct that violates the Code of Conduct or other Erskine policies, that conduct will be addressed through the appropriate conduct processes. This Policy is not intended to be disciplinary in nature. Rather, this Policy outlines the criteria and procedures for when and how a student may be involuntarily withdrawn from the College for demonstrating behavior that creates a direct threat to the safety or health of the student or others or that unreasonably disrupts the normal education processes and orderly operation of the College. There may be situations in which both this Policy and the Code of Conduct and/or other Erskine policies are applicable.

Criteria

A student may be involuntarily withdrawn from Erskine if the College determines, in accordance with the procedures listed below, that the student:
(a) Demonstrates behavior that is unreasonably disruptive to the normal education processes and orderly operation of the College;
(b) Demonstrates behavior that endangers him/herself, or that creates a direct threat that the student may endanger him/herself, or;
(c) Demonstrates behavior that endangers others, or that creates a direct threat that the student may endanger others.

Determination

The involuntary withdrawal process begins when the Dean of Students receives a referral or other information regarding a student who appears to be demonstrating behavior consistent with one or more of the criteria listed above. If, after reviewing the information received, the Dean of Students determines that the student has demonstrated behavior consistent with one or more of the criteria for involuntary
withdrawal from the College as stated above, the Dean of Students will inform the student of this determination. At the time of this communication, the Dean of Students will inform any student who is involuntarily withdrawn about the student's right to appeal the decision to the Vice President for Student Services, and will explain to the student the conditions for returning to the Erskine community (see below).

Prior to proceeding with the involuntarily withdrawal process, the Dean of Students will always encourage the student to voluntarily withdraw.

Appeal
A student may appeal the Dean of Students' determination regarding involuntary withdrawal (or the designated conditions for readmission following an involuntary withdrawal) to the Vice President for Student Services. A student has five (5) business days to request this appeal. Within five (5) business days of the written appeal being received by the College, the Vice President for Student Services shall review all the available information (i.e.—all of the information made available to the Dean of Students and any additional information subsequently made available by the student), and shall, if deemed necessary by the Vice President for Student Services, have the opportunity to ask the student additional questions.

After reviewing all the available information described above, the Vice President for Student Services shall assess whether the student has or has not met the criteria for involuntary withdrawal from the College as stated above. The decision of the Vice President for Student Services will promptly be communicated to the student in writing. This decision is final.

Interim Suspension Pending Appeal
A student who demonstrates behavior that creates an immediate direct threat to him/herself or others, or who demonstrates behavior that is immediately and significantly disruptive to the normal education processes and orderly operation of the College, may be suspended from the College on an interim basis pending an appeal.

All decisions regarding interim suspensions pending appeals will be made by the Dean of Students in consultation with the Vice President for Student Services.

Effect of Involuntary Withdrawal
Students who have been involuntarily withdrawn from the College are generally not permitted to be on College premises or participate in College events. However, a student who has been involuntarily withdrawn or suspended on an interim basis pending an appeal may be on campus, with the permission of the Dean of Students or the Vice President for Student Services, for the purposes of participating in the processes detailed in this Policy or as otherwise required and appropriate in the discretion of the Dean of Students or the Vice President for Student Services.

Students are responsible for contacting appropriate College offices in order to ensure that their academic and financial affairs are in order. All determinations as to the effect of an involuntary withdrawal in these areas will be made by the applicable offices in accordance with existing College policies.

Conditions for Readmission
A student who has satisfied the conditions for readmission outlined at the time of his or her involuntary withdrawal will be considered for readmission to the College.

Readmission conditions will be individually-tailored so as to be appropriate to each student but will always be premised on the notion that the student is no longer a direct threat to him/herself or others, and/or no longer demonstrates behavior that is disruptive to the normal educational processes and orderly operation of the College. Specific conditions for readmission might include:

- Appropriate documentation indicating that the student no longer demonstrates the behavior which led to the involuntary withdrawal;
- A treatment plan from a mental health professional or other appropriate care provider and/or verification from the provider that the student is complying with a treatment plan (or has been satisfactorily complying with a treatment plan for a designated length of time);

Students wishing to be readmitted must schedule a face-to-face meeting with the Dean of Students to discuss the student's compliance with, and appropriate documentation of, the designated conditions for readmission. All determinations as to whether the conditions for readmission have been satisfied will be made by the Dean of Students, in conjunction with the Vice President for Student Services. These determinations are final.

Because conduct that gives rise to an involuntary withdrawal under this Policy might also result in sanctions in accordance with the Code of Conduct, it is possible that a student who has met the
designated conditions for readmission following an involuntary withdrawal might still not be eligible for re-enrollment at Erskine due to judicial sanctions (similarly, it is possible that a student who has satisfied all judicial sanctions might still not be eligible for re-enrollment at Erskine because of an inability to meet the designated conditions for readmission in accordance with this Policy).

The Vice President for Student Services or his/her designee may make such reasonable exceptions to this Policy and these procedures as circumstances may require for the welfare of the institution and/or the involved student(s), provided that fundamental elements of fairness and due process are observed.
