Alternative Logos

Size & Space

The Erskine College, Seminary, and Athletic logos should be sized so the elements of the marks are legible and correctly rendered in accordance with the original design.

In addition, adequate space should be allowed around all official logo versions. This ensures that copy, photography, or other graphical elements do not impede the presentation of the logos in any given medium. The graphics to the right illustrate the method by which to achieve the minimum space requirements. In most cases, it is best to allow more space than the minimum requirements.

The method of measurement shown to the right applies to all official Erskine College, Seminary, and Athletics logos in any application and size.

Improper Usage

Do not alter Erskine logos, use retired logos, print in non-standard colors, or otherwise change official logo files. Contact the Marketing & Communications Office for help with special situations.

Do Not Stretch or Alter Proportions

Do Not Place in a Shape or Combine with Other Elements

Do Not Use Unapproved Color Combinations

Do Not Touch or Ghost Behind Other Elements

Do Not Use the Fleet Logo as an "E"

Do Not Create Departmental Adaptations

Questions? Contact the Marketing & Communications Office at communications@erskine.edu or 864-379-6682.
