

**Assistant or Associate Professor of Chemistry – Organic Chemistry and Biochemistry
(Tenure Track)**

About Erskine College

At the heart of Erskine College is its Christian identity. The mission of Erskine College is to glorify God as a Christian academic community where students integrate knowledge and faith, equipped to flourish as whole persons prepared for lives of service, leadership, and influence through the pursuit of undergraduate liberal arts, graduate, and seminary education.

Description

Erskine College invites applications for a full-time, tenure-track position of assistant or associate professor in chemistry beginning in August 2025. The ideal candidate will have a Ph.D. in Organic Chemistry, Biochemistry, or a closely related field. A genuine enthusiasm for teaching in an undergraduate liberal arts environment is a must.

Erskine College prides itself on providing a Christian liberal arts education in a small, tight-knit community. Erskine boasts a collegial faculty who develop deep connections with one another. Faculty also develop close relationships with students both within and outside their respective disciplines. Erskine provides a rare opportunity to integrate one's Christian faith into the classroom. Therefore, candidates who seek employment at Erskine College should be professing Christians who are committed to exploring the intersections of faith and learning with students.

Responsibilities

- Qualified Candidates should expect a teaching load to include organic chemistry and associated labs each semester and biochemistry and associated labs each semester.
- Candidates will also teach/co-teach our seminar courses for juniors and seniors.
- Candidates may opt to teach inorganic chemistry, environmental chemistry, or a non-majors chemistry course and labs as needed.
- Participation in securing funds and conducting undergraduate research during the summer months is encouraged but not required.
- After the first year of teaching, faculty will serve on college committees and advise students, both majors and non-majors. In addition, working alongside the Department

Chair to determine the departmental budget, completing major, departmental, and College assessments is a must.

Qualifications

- Candidates must have a master's in chemistry, Ph.D. preferred.
- A personal relationship with Jesus Christ
- Commitment to Erskine's mission, vision, and statement of faith
- Willingness to offer spiritual support to students and staff

Application Process

To ensure full consideration, interested candidates should complete the online application, which can be found here. In addition, please provide the following:

- Résumé or curriculum vitae
- Cover letter
- Statement of faith describing the candidate's relationship with Christ and reflecting on how that faith affects teaching
- References (at least three)
